The Center Scriptures Robley Edward Whitson, 1987 *Sacred Scripture* Richard N. Soulen, 2010-02-01 How did the Bible's sixty-six books become sacred Scripture? How have they been understood and interpreted over the last two thousand years? What was it that led to our acceptance of the Bible as the true word of God? For two millennia Christians have accepted the importance of the Bible as sacred Scripture and for as many years they have struggled to comprehend its meaning. Over the centuries the church has expressed the centrality of Scripture in numerous ways and Christians have studied and interpreted the Bible in a wide variety of faithful approaches. Understanding that process is critical to our ability and our willingness to accept the Bible as sacred and true. To that end, Richard Soulen leads us through the history of how Christian understandings of the Bible have changed and developed throughout history. **Jesus Christ, Hermeneutics, and Scripture** Hans Burger, 2024-04-18 Soteriology, not epistemology, is the best entrance to theological hermeneutics and to the doctrine of Scripture. The triune God uses Scripture to make the community of believers live in Christ. We hear the words of Scripture in the light of Easter and Pentecost. We understand Scripture from faith in Christ and with the mind of Christ. At the same time we come to know Christ in Scripture and we receive the mind of Christ by reading Scripture. We remain in Christ by remaining in the Word. Understanding Scripture and Christlikeness mutually reinforce each other. Living a Christian life with God and our neighbor in God's world will deepen our understanding of Scripture. This book explores the complex relationships between Jesus Christ, participation in Christ, theological hermeneutics, and the doctrine of Scripture. It shows the necessity of a holistic approach of life, knowledge, understanding, and renewal. [Studies in the Scriptures: Thy kingdom come](#) Charles Taze Russell, 1914 **Studies in the Scriptures ...** Charles Taze Russell, 1911 *Enchantments* Marci Kwon, 2021-04-06 The first major work to examine Joseph Cornell's relationship to American modernism. Joseph Cornell (1903-1972) is best known for his exquisite and alluring box constructions in which he transformed found objects such as celestial charts, glass ice cubes, and feathers into enchanted worlds that blur the boundaries between fantasy and the commonplace. Situating Cornell within the broader artistic, cultural, and political debates of midcentury America, this innovative and interdisciplinary account reveals enchantment's relevance to the history of American modernism. In this beautifully illustrated book, Marci Kwon explores Cornell's attempts to convey enchantment, an ephemeral experience that exceeds rational explanation, in material form. Examining his box constructions, graphic design projects, and cinematic experiments, she shows how he turned to formal strategies drawn from movements like Transcendentalism and Romanticism to figure the immaterial. Kwon provides new perspectives on Cornell's artistic and graphic design career, bringing vividly to life a wide circle of acquaintances that included artists, poets, writers, and filmmakers such as Mina Loy, Lincoln Kirstein, Frank O'Hara, and Stan Brakhage. Cornell's participation in these varied milieus elucidates enchantment's centrality to midcentury conversations about art's potential for power and moral authority and reveals how enchantment and modernity came to be understood as

opposing forces Leading contemporary artists such as Betye Saar and Carolee Schneemann turned to Cornell's enchantment as a resource for their own anti racist feminist projects Spanning four decades of the artist's career Enchantments sheds critical light on Cornell's engagement with many key episodes in American modernism from Abstract Expressionism 1930s folk art and the emergence of New York School poetry and experimental cinema to the transatlantic migration of Symbolism Surrealism and ballet

The Literary Digest Edward Jewitt Wheeler, Isaac Kaufman Funk, William Seaver Woods, Arthur Stimson Draper, Wilfred John Funk, 1897 **Story, Text, and Scripture** Wesley A. Kort, 1988 The author examines the case for revising the conception of biblical scripture in light of the new advances in narrative theory and the theory of textuality The author's argument is fashioned with tact and understanding and displays his firm command of a broad literature of critical theory and biblical research The book summarizes and extends what has come to be called the literary study of the Bible This book is basically a study of four dominant literary methods which have been applied to biblical narratives by their practitioners Each method is demonstrated through an analysis of a particular biblical narrative This is the only study that treats the variety of recent literary analyses of biblical narrative and it accounts for the variety by relating the various approaches to the elements of narrative arguing that each approach is predetermined to favor one of the elements above the others It argues that each literary approach when applied to the narrative element most appropriate to it reveals the vulnerability of the narrative form to religious meaning **The Christian Quarterly**, 1869
