Carol A. Ferrara

Breakaway Pope:

The Breakaway Pope John Cantwell Kiley, 2002 Finally after two thousand years of circling the wagons against its many critics Martin Luther and Henry VIII being the most devastating the Vatican is taken to task internally by the Pope himself Pope John XXIII s Vatican II innovations were as nothing compared to what Pope Peter II will do Admittedly he is a fictional Pope proposed as the immediate successor to the present Pope John Paul II but in life when do facts end and fictions begin In The Breakaway Pope Pope Peter II acts with all the authority vested in his office as the Vicar of Christ His is an inside job And it is met with fierce virtually unanimous resistance from the Cardinals who elected him and who now want to depose him for heresy This effort is spearhead by the Cardinal Secretary of State a Jesuit who like all Jesuit priests took a fourth vow to defend the Pope All this is happening in a world threatened by the unleashing of weapons of mass destruction which could spell the end of human planetary life [The Pope's Battalions](#) Ross Fitzgerald, Adam James Carr, William J. Dealy, 2003 A prophet whose confident prophecies were frequently proved wrong B A Santamaria profoundly affected 20th century Australian political life Although he rarely gave interviews and never held elected office Santamaria became widely known through his regular commentaries in the Australian and in his magazine News Weekly Building on his battle against Communist influence in the trade unions Santamaria boldly attempted to capture the ALP and transform it into a European style Christian Democrat party The ensuing split was disastrous demoralising the ALP and casting Santamaria out of the Labor fold for all time *A Midsummer Nights Dreame ...* William Shakespeare, 1903 *The Welsh Braveheart* Phil Carradice, 2022-04-06 Like William Wallace in Scotland Owain Glyndwr fought for his country and was only finally defeated by superior numbers and the military genius of Henry V Yet Glyndwr was not just a freedom fighter He was the last native born Prince of Wales a man who initiated the first Welsh parliament at Machynlleth and proposed an entirely independent Welsh church Glyndwr also laid plans for two Welsh universities proposed a return to the far sighted and revolutionary Laws of Hywel Dda and formed a Tripartite Agreement with Henry Percy and Edmund Mortimer It led to an invasion of England and nearly brought the reign of Henry V to an end And yet despite his success and popularity Glyndwr s rebellion seriously damaged the Welsh economy with towns destroyed and much agricultural land laid to waste Even so he was never betrayed by his people despite a huge reward being offered for his capture Glyndwr refused at least two offers of pardon from the English crown and remains the supreme champion of the underdog **Crisis**, 2001 A journal of lay Catholic opinion

Early Middle Ages Horace Kinder Mann, 1925 **"The" Elizabethan Shakespeare**, 1908 [Muslim and Catholic Experiences of National Belonging in France](#) Carol A. Ferrara, 2024-09-05 How do experiences of national identity and belonging differ for French Muslims and Catholics respectively What can these differences tell us about the causes and

dynamics of minority marginalization in plural secular societies To address these questions Carol Ferrara draws upon extensive ethnographic fieldwork across France within spaces of religious education and interfaith dialogue illustrating the inequities between Muslim and Catholic citizens in opportunities for national belonging political and civic engagement and institution building This reexamination of Muslim exclusion against the backdrop of Catholic inclusion calls into question popular explanations for minority marginalization especially those that blame non adherence to French Republican principles or the exclusionary power of secular discourse Instead Ferrara argues that the boundaries of French belonging are policed by francit a tacit national imaginary ideal type that draws upon and reproduces national cognitive biases and undermines the French republican values of secularism equality liberty and fraternity Given the central role of francit in the politics of belonging Ferrara suggests that paths toward greater pluralism in France and beyond lie in the reframing of national identity narratives and reimagining the inclusive potential of secular democratic values
