**The Image of the English Gentleman in Twentieth-Century Literature** Christine Berberich, 2016-03-03 Studies of the English gentleman have tended to focus mainly on the nineteenth century encouraging the implicit assumption that this influential literary trope has less resonance for twentieth century literature and culture Christine Berberich challenges this notion by showing that the English gentleman has proven to be a remarkably adaptable and relevant ideal that continues to influence not only literature but other forms of representation including the media and advertising industries Focusing on Siegfried Sassoon Anthony Powell Evelyn Waugh and Kazuo Ishiguro whose presentations of the gentlemanly ideal are analysed in their specific cultural historical and sociological contexts Berberich pays particular attention to the role of nostalgia and its relationship to Englishness Though Englishness and by extension the English gentleman continue to be linked to depictions of England as the green and pleasant land of imagined bygone days Berberich counterbalances this perception by showing that the figure of the English gentleman is the medium through which these authors and many of their contemporaries critique the shifting mores of contemporary society Twentieth century depictions of the gentleman thus have much to tell us about rapidly changing conceptions of national class and gender identity

**Anthony Powell** Neil Francis Brennan, 1995 Since the first edition an additional eight books by the English novelist and critic have appeared including his four volume complete memoirs In this revision Brennan casts light on Powell's fiction by drawing from the author's memory of his own life and times in his memoirs Born just after the turn of the 20th century into the insular world of England's upper class Powell has portrayed its inner workings in his fiction From his first novel *Afternoon Men* a study of London's Bohemian art scene through his 12 volume work *The Music of Time* to his last novel *The Fisher King* a study of an ageing artist Powell has managed to combine ironic wit with a sympathetic awareness of human fallibility to create a body of work

*The Modern British Novel* Malcolm Bradbury, 2001 Bradbury argues that almost a century since the emergence of Modernism it is now possible to see the entire period in perspective It is clear that the first 50 years from Henry James Wilde and Stevenson through James Joyce Lawrence Forster to Huxley Isherwood and Orwell have been extensively discussed in print The years since World War II though have not been examined in depth yet have produced talents such as Graham Greene Angus Wilson Beckett Doris Lessing Margaret Drabble Angela Carter Ian McEwan Kingsley and Martin Amis Julian Barnes Fay Weldon Salman Rushdie and Timothy Mo
