Break Of Dark:

Break Of Dark Robert Westall,2011-08-31 Is there a barrier that divides the dark unknown from the everyday world around us If so is it broken sometimes by the dead returning by the undead or by alien creatures What else could account for the chance meeting or was it between a young student and hitch hiker who turns out to be so much stranger than she seems Why else should three successive crews flying a Second World War bomber Blackham s Wimpey be driven to madness despair even to death though the plane returns from each mission without a scratch Who are Fred Alice and Auntie Lou the figments of Peter s imagination that become a real life nightmare for Roger and Bidy There is St Austin Friars too a church without a congregation until a burial service oddly arranged a month ahead is attended by a sinister assortment of the living and the dead And Sergeant Nice an ordinary policeman in an ordinary seaside town faced with a series of quite extraordinary thefts the work surely of no human hand Chilling but often humorous as well these stories creep up on you and take you by surprise

Sais I Penelope Wilson,2026-01-27 Sais was Egypt s capital in the 26th Dynasty but it also had an earlier history unknown before the EES Durham University SCA work at the site This volume is the final excavation report for work carried out in the Northern Enclosure area of the site at Kom Rebwa funded by the British Academy through the Egypt Exploration Society and the Arts and Humanities Research Council Excavations between 2000 and 2004 uncovered levels dating between the 20th Dynasty and the Third Intermediate Period The best preserved levels consisted of part of a house whose roof had collapsed and an earlier kiln used for firing faience beads as well as pottery Lower buried layers also included Old Kingdom material hinting at the earlier history of the area The report contains invaluable information about everyday rural life in the Delta with analyses of the different layers the pottery and the small finds as well as plant remains and animal bones
