Early Pohl:

The Early Pohl Frederik Pohl, 1980 **the Early Pohl** , 1976 Leadership, Social Cohesion, and Identity in Late Antique Spain and Gaul (500-700) Dolores Castro, Fernando Ruchesi, 2025-10-01 The replacement of the Roman Empire in the West with emerging kingdoms like Visigothic Spain and Merovingian Gaul resulted in new societies but without major population displacement Societies changed because identities shifted and new points of cohesion formed under different leaders and leadership structures This volume examines two kingdoms in the post Roman west to understand how this process took shape Though exhibiting striking continuities with the Roman past Gaul and Spain emerged as distinctive but not isolated political entities that forged different strategies and drew upon different resources to strengthen their unity shape social ties and consolidate their political status **Old Names, New Peoples: Listing Ethnonyms in Late**

Antiquity Salvatore Lippicard, 2023-10-30 No people is nameless and lists of words are as old as writing systems And yet both subjects can appear unpromising to historians This volume shows the contrary by examining the various meanings and functions of ethnonyms in Late Antiquity added to catalogues of provinces they reflect the political messages and the regulating power of the imperial bureaucracy included in schoolbooks they mirror educational practices and reveal the geographical and ethnic landscapes taught at school placed on a map they help make sense of the world in times of transition

Local, regional and ethnic identities in early medieval cemeteries in Bavaria (Premio Ottone d'Assia e Riccardo Francovich 2008) Susanne Hakenbeck, 2011-03-01 Tema conduttore dell'opera lo studio dell'etnicità altomedievale condotto attraverso l'analisi di un gruppo di cimiteri nella pianura alluvionale di Monaco di Baviera e l'esame dello sviluppo della pratica funeraria in un periodo che va dal V al VII secolo d.C. Iniziate come un atto ibrido di pratiche tardo romane e barbariche quando nel secolo successivo le comunità politiche tribali si consolidarono le modalità di sepoltura presero le distanze dalle loro origini romane divenendo apertamente barbare Lo studio delle sepolture diviene per l'Autore un'ampia riflessione sul concetto di identità e sui rapporti fra cultura materiale ed etnia Contiene il riassunto del volume in italiano **Search the Sky** Cyril M. Kornbluth, Frederik Pohl, 2020-02-26 Halsey's Planet is in decline and when a generation ship arrives having failed to contact six other planets Ross is sent to discover the state of the interstellar colonies He is given a ship which can make the trip from colony to colony almost instantaneously The technology used in the ship has been kept secret because it could give rise to interstellar war if one colony decided to conquer others However the isolated populations are also affected by genetic drift resulting in a decline in their societies **Emerging Powers in Eurasian**

Comparison, 200-1100 , 2022-11-07 This book compares the ways in which new powers arose in the shadows of the Roman Empire and its Byzantine and Carolingian successors of Iran the Caliphate and China in the first millennium CE These new powers were often established by external military elites who had served the empire They remained in an uneasy balance with the remaining empire could eventually replace it or be drawn into the imperial sphere again Some relied on dynastic

legitimacy others on ethnic identification while most of them sought imperial legitimation Across Eurasia their dynamic was similar in many respects why were the outcomes so different Contributors are Alexander Beihammer Maaike van Berkel Francesco Borri Andrew Chittick Michael R Drompp Stefan Esders Ildar Garipzanov J rgen Paul Walter Pohl Johannes Preiser Kapeller Helmut Reimitz Jonathan Shepard Q Edward Wang Veronika Wieser and Ian N Wood Benchmarks Continued 1975-1982 Algis Budrys,2012 Consists of book reviews and essays written for The magazine of fantasy and science fiction

Jem Frederik Pohl,2001 The discovery of another habitable world might spell salvation to the three bitterly competing power blocs of the resource starved 21st century but when their representatives arrive on Jem with its multiple intelligent species they discover instead the perfect situation into which to export their rivalries Subtitled with savage irony The Making of a Utopia Jem is one of Frederik Pohl s most powerful novels **Gateway** Frederik Pohl,1999 Wealth or death Those were the choices Gateway offered Humans had discovered this artificial spaceport full of working interstellar ships left behind by the mysterious vanished Heechee Their destinations are preprogrammed They are easy to operate but impossible to control
