The Lost Art of Cold Calling Matt Wanty,2017-02-18 Once thought lost and replaced by modern technology stopgap with emails and voicemails the skill of cold calling finally returns to the business world in this semi entertaining sales training book The Lost Art of Cold Calling Whether you are a B2B sales person or you re a business leader that relies on outbound sales This could be one of the most important sales training books that you ll ever read The author is a highly accomplished salesman and he shares the real reasons why cold calling is so hard and why so

many sales reps fail at it Also find out why cold calling can be vital to business success and why sales training usually doesn't provide the tools needed to become an effective cold caller In the longest chapter of the book the author shares in detail his cold calling approach which has allowed him to frequently engage in conversations with high level decision makers at major corporations for almost 20 years The book also provides important details about which decision makers are the most effective for sales people to be calling as well as valuable information on corporate titles and small business owners Included are cold calling scripts as well as email content voicemail content and other phone tactics and strategies The Lost Art of Cold Calling introduces these sales and cold calling concepts Learn the important difference in outbound sales between Aligning on Timing and Turning the Tide Find out how to use proven tactics like Quick Chat Opportunity Knocks Two Times and Pretty Please to entice decision makers to pick up their phone Learn how to understand your company's True Value Proposition and why mastering that information is vital to becoming a great cold caller Understand what it means to have a Must Reach decision maker and how next steps can add up into big sales pipelines and big success Learn how to overcome any absolute or general objection by using an effective tactic called Education Trumps Objections Find out why sales people need to always remember Time Is On Your Side Make no mistake the best sales people in the world are still the best cold callers Success and control go hand in hand Armed with cold calling skills the best sales people have far more control over their livelihood than their emailing counterparts These fearless cold calling warriors have the power to impact the timing of purchases by thrusting information on decision makers that may not have otherwise been known Rather than waiting to align on timing great sales people instead seek to turn the tide with a conversation This book will help you do just that

The Cold Calling Equation Michael Halper, 2012-05-25 Cold calling is a blood sport Sales professionals hate making cold calls and customers despise receiving them Yet those who can rise above the competition and master cold calling will find themselves closing deals hitting targets and positively improving their lives on both professional and personal levels Powerful practical and logical *The Cold Calling Equation Problem Solved* teaches cold calling as a skill that anyone who exerts the effort can perfect Readers can see immediate results from tactics that are spelled out in the book's first pages It takes the intimidation out of calling a complete stranger and teaches a person with any level of education and experience how to make human connections and find opportunities to grow their business Upending conventional wisdom the author reveals that hard work and effort don't always result in successful cold calls What works is when a caller learns how to succinctly state their company's value to another business Forget selling the features Cold callers need to show how their product will make a client's company run faster smoother and harder The reader can formulate their own attack using the concepts and tools that are cleanly explained throughout the book *The Cold Calling Equation Problem Solved* is a book based on real world scenarios and developed by Michael Halper who has thirteen years experience in cold calling An energetic sales coach he runs a telesales operation for other businesses and manages a team of callers The book takes the reader chapter by chapter through

the other stumbling blocks of cold calling and shows the salesperson how to clear these hurdles He also demonstrates how to build target lists and scripts deal with objections find opportunities build both rapport and interest and more The psychological state of the cold caller is taken into account as well The book gives solid strategies for overcoming anxiety and breaks down the pernicious myth that all cold callers are born rather than made Salespeople don t have to be extroverts or the life of the party In fact it s the ability to listen rather than the gift of gab that makes someone successful at business to business selling Turning the tables on the seller The Cold Calling Equation Problem Solved also demonstrates that not every lead is worth pursuing In a powerful section on qualifying Halper shows the salesperson how to quickly screen prospects through incisive questions It s a tactic that makes the phone call more controversial and gets the prospect talking Cold callers will also learn how to manage gatekeepers turning their enemies into allies who go from blocking to opening up and pointing in the right direction This helpful guide shows callers how to navigate objections those challenging phrases that prospects use to get off the phone Whether it is I do not have time right now or We are not interested Halper will show you why prospects use objections and how cold callers can get around them Even a reader with zero sales skills and no practical experience can read this book and learn how to utilize their phone and make it into a powerful sales tool It will move the novice cold caller from frustration and failure to control and success

The Complete Idiot's Guide to Cold Calling

Keith Rosen MCC,2004-08-03 Does this sound familiar If I could get in front of the prospect the rest of the selling process becomes easier It s just getting in front of them that s the challenge The fact is most cold calling efforts are doomed from the start Salespeople lose sales not due to a lack of effort but because they lack a prospecting system they are comfortable with and can trust to generate greater consistent results If you are prospecting the same way you have been for the last several years including the calling to check in touch base or follow up approach or haven t been prospecting at all you re simply making it easier for your competition to take away the new business you are working so hard to earn So if you love to sell but hate or don t like to prospect this book is your opportunity to maximize your cold calling potential and boost your income by learning how to get in front of the right prospects in less time and create greater selling opportunities without the fear pressure or anxiety associated with cold calling This Complete Idiot s Guide will show you how to Utilize the seven steps to a permission based cold calling conversation so that you don t have to push your presentation and hope there s a fit Create winning voice mail messages that will ensure more return calls Develop your MVP Most Valuable Proposition that separates you from your competition Craft the Compelling Reasons that would motivate a prospect to speak with you Prevent and defuse initial objections such as I m not interested We don t have any money now or Call me back later Design your own step by step prospecting and follow up system that runs on autopilot and is aligned with your selling philosophy strengths objectives and natural talents rather than taking the generic one size fits all approach Develop the right questions and uncover new selling opportunities in seconds so that you can stop wasting precious time on the wrong prospects [Google](#)
