Richard Edward Connell

Cold Logic:

Cold Logic Alexander A. McCormack, 1949 The Experience Machine Gloria Sutton, 2015-02-20 An argument that the collaborative multimedia projects produced by Stan VanDerBeek in the 1960s and 1970s anticipate contemporary new media and participatory art practices In 1965 the experimental filmmaker Stan VanDerBeek 1927 1984 unveiled his Movie Drome made from the repurposed top of a grain silo VanDerBeek envisioned Movie Drome as the prototype for a communications system a global network of Movie Dromes linked to orbiting satellites that would store and transmit images With networked two way communication Movie Dromes were meant to ameliorate technology s alienating impulse In The Experience Machine Gloria Sutton views VanDerBeek known mostly for his experimental animated films as a visual artist committed to the radical aesthetic sensibilities he developed during his studies at Black Mountain College She argues that VanDerBeek s collaborative multimedia projects of the 1960s and 1970s sometimes characterized as Expanded Cinema with their emphases on transparency of process and audience engagement anticipate contemporary art s new media installation and participatory practices VanDerBeek saw Movie Drome not as pure cinema but as a communication tool an experience machine In her close reading of the work Sutton argues that Movie Drome can be understood as a programmable interface She describes the immersive experience of Movie Drome which emphasized multi sensory experience over the visual display strategies deployed in the work the Poemfield computer generated short films and VanDerBeek s interest unique for the time in telecommunications and computer processing as a future model for art production Sutton argues that visual art as a direct form of communication is a feedback mechanism which turns on a set of relations not a technology *Dark Seduction and Persuasion Tactics* Rex Thornevale, 2025-10-04 Welcome to Dark Seduction and Persuasion Tactics The Simplified Guide of Charismatic Experts of Deception Using IQ Influence and Unstoppable Charm in the Craft of Covert Persuasion and Mind Games **Works** Silas Weir Mitchell, 1914 The Word , 1909 **Architectural Record** , 1916 *Official Gazette of the United States Patent and Trademark Office* United States.
