Apocalypse Code:

The Apocalypse Code Hank Hanegraaff, 2010-09-20 Hank Hanegraaff reveals the code to Revelation Breaking the code of the book of Revelation has become an international obsession The result according to Hank Hanegraaff has been rampant misreading of Scripture bad theology and even bad politics and foreign policy Hanegraaff argues that the key to understanding the last book of the Bible is the other sixty five books of the Bible not current events or recent history and certainly not any complicated charts The Apocalypse Code offers sane answers to some very controversial questions What does it mean to take the book of Revelation and the rest of the Bible literally Who are the Antichrist and the Great Whore of Babylon and what is the real meaning of 666 How does our view of the end times change the way we think about the crisis in the Middle East Are two thirds of all Jews really headed for an apocalyptic holocaust The Apocalypse Code is a call to understand what the Bible really says about the end times and why how we understand it matters so much in today s world Provocative and passionate this fascinating book is a must read for everyone who s interested in end times controversies Lee Strobel Author The Case for the Real Jesus This book is a withering and unrelenting critique of the positions of apocalyptic enthusiasts Tim LaHaye Every fan of the Left Behind series should read this book The fog will clear and common sense will return to our reading of the Bible Gary M Burge Professor of New Testament Wheaton College and Graduate School The Popular Handbook on the Rapture Tim LaHaye, Thomas Ice, Ed Hindson, 2012-05-01 Why is there so much confusion about how and when the rapture will take place What does the Bible say for certain about this event When will the Tribulation occur and who will face it There is a lot of discussion among Christians about the rapture and the last days Why all the different views And how do those perspectives line up with Scripture Tim LaHaye and Thomas Ice have assembled a team of longtime Bible prophecy experts who look carefully to God s Word for the answers In this book readers will discover what they can know for certain And as they consider the things that still remain uncertain they will gain a renewed trust that God knows what He is doing His plan is perfect and it will unfold in His timing An easy to understand resource that provides much needed clarification about the end times **Muslim: What You Need to Know About the World's Fastest Growing Religion**

Hank Hanegraaff, 2017-10-10 Is Islam a peaceful and tolerant religion How did it get started World events are making it more timely important and necessary for every Christian to understand how the world s fastest growing religion will affect them and how to stand firm in the truth of Christ Renowned Bible Answer Man Hank Hanegraaff provides an in depth look at Islam For all the debate over Islam and its growing presence in the world one thing is often overlooked Islam is not a religion in the Western sense It s an all encompassing worldview opposed to anything but itself While there may be millions of peaceful and tolerant Muslims many of them our neighbors Islam itself is not peaceful and tolerant Islam is the only significant religious system in the history of the human race with a structure of laws that mandate violence against the infidel The current narrative is that to tell the truth in this regard will radicalize Muslims and worsen hostilities A

common phrase you've probably heard is that Islam is not our enemy. As well intentioned as this mantra may be, it is a dangerous stance once someone understands Islam in full. Global Islamic jihadism is exacting mass genocide on Christians in the East and multiplying terrorist attacks throughout the West. Worse still, Western governments, academic institutions, and media outlets seem bent on peddling a false narrative about what Islam truly is. In Muslim you will learn the history of Islam from the bloody career of the prophet Mohammed to the authoritarian Islamic law. Examine how Islamic theology refutes the core Christian beliefs of original sin, Jesus' resurrection, and more. Discover specific Islamic teaching inciting violence to non-Muslims and even governments opposing Islamic law. Find solutions and encouragement for Christians to withstand this growing global threat. The conflict between Islam and the West is not going to die down or fade away. The Islamic doctrines upon which it is based will continue to cause conflict on an ever-increasing scale. With Muslim Christians can equip themselves and others to stand unwavering in the truth of Christ.

Decoding the Mystery of When Will Jesus Return
Raymond J. Moore, 2017-10-03. Is there a specific Bible prophecy that must first be fulfilled before the return of Jesus Christ? Yes. While it is true that no exact date can be set for this event, the scriptures provide us with a clear context of specific world events that will create the time line for Jesus' return. Jesus said, "Of that day and hour no one knows" (Matt 24:36). If this was meant to be a mystery, it was also meant to be revealed eventually. Amos 3:7 says, "Surely the Lord God does nothing unless He reveals His secret to His servants, the prophets." This book brings to light the hidden mystery contained in the scriptures that the return of Jesus Christ should not be a surprise to those who believe. Jesus also made it clear that there will be a final and specific generation who will witness the fulfillment of all remaining end-of-time prophecies. This book brings clarity regarding the great tribulation: Is it seven years or three and a half years? What is the wrath of God and why and how does it play a role in the last days? Beyond the general prophecies of wars, famines, earthquakes, etc., lies a great wealth of other specific and unique signs that will indicate the imminent return of Jesus. Are you ready?

The Oxford Handbook of Eschatology
Jerry L. Walls, 2007-12-03. Eschatology is the study of the last things: death, judgment, the afterlife, and the end of the world. Through centuries of Christian thought, from the early Church fathers through the Middle Ages and the Reformation, these issues were of the utmost importance. In other religions, too, eschatological concerns were central. After the Enlightenment, though, many religious thinkers began to downplay the importance of eschatology, which in light of rationalism came to be seen as something of an embarrassment. The twentieth century, however, saw the rise of phenomena that placed eschatology back at the forefront of religious thought: From the rapid expansion of fundamentalist forms of Christianity with their focus on the end times, to the proliferation of apocalyptic new religious movements, to the recent and very public debates about suicide, martyrdom, and paradise in Islam, interest in eschatology is once again on the rise. In addition to its popular resurgence in recent years, some of the world's most important theologians have returned eschatology to its former position of prominence. The Oxford Handbook of Eschatology will provide an important critical survey of this diverse body of thought and practice.
