## Arizona Guide:

*The WPA Guide to Arizona* Federal Writers' Project, 2013-10-31 During the 1930s in the United States the Works Progress Administration developed the Federal Writers Project to support writers and artists while making a national effort to document the country's shared history and culture. The American Guide series consists of individual guides to each of the states. Little known authors, many of whom would later become celebrated literary figures, were commissioned to write these important books. John Steinbeck, Saul Bellow, Zora Neale Hurston, and Ralph Ellison are among the more than 6,000 writers, editors, historians, and researchers who documented this celebration of local histories. Photographs, drawings, driving tours, detailed descriptions of towns, and rich cultural details exhibit each state's unique flavor. At the time of the publication of the WPA Guide to Arizona in 1940, the Grand Canyon State was the newest addition to the union. The guide presents a state of contrasts, both geographically and culturally. The photographs show many facets of the state, from the mesas and desert lands to the Spanish missions and Native American art. *Arizona, the Grand Canyon State* Joseph Miller, Writers' Program of the Work Projects Administration in the State of Arizona, 1966. Wrobel, 2013-10-15 This thoughtful examination of a century of travel writing about the American West overturns a variety of popular and academic stereotypes Looking at both European and American travelers accounts of the West from de Tocqueville s Democracy in America to William Least Heat Moon s Blue Highways David Wrobel offers a counter narrative to the nation s romantic entanglement with its western past and suggests the importance of some long overlooked authors lively and perceptive witnesses to our history who deserve new attention Prior to the professionalization of academic disciplines the reading public gained much of its knowledge about the world from travel writing Travel writers found a wide and respectful audience for their reports on history geography and the natural world in addition to reporting on aboriginal cultures before the advent of anthropology as a discipline Although in recent decades western historians have paid little attention to travel writing Wrobel demonstrates that this genre in fact

offers an important and rich understanding of the American West one that extends and complicates a simple reading of the West that promotes the notions of Manifest Destiny or American exceptionalism Wrobel finds counterpoints to the mythic West of the nineteenth century in such varied accounts as George Catlin s Adventures of the Ojibbeway and Ioway Indians in England France and Belgium 1852 Richard Francis Burton s The City of the Saints 1861 and Mark Twain s Following the Equator 1897 reminders of the messy and contradictory world that people navigated in the past much as they do in the present His book is a testament to the instructive ways in which the best travel writers have represented the West **DK Eyewitness Travel Guide Arizona and the Grand Canyon** DK Travel,2017-11-21 The best things to do in Arizona and the Four Corners including the magnificent Grand Canyon and the spectacular Monument Valley are showcased with fantastic photography illustrations and detailed descriptions Explore the diverse towns and cities of Flagstaff Phoenix and Tucson before heading to admire Canyon de Chelly National Monument known for its archaeological sites and spectacular scenery Discover DK Eyewitness Travel Guide Arizona the Grand Canyon Hotel and restaurant listings and recommendations Detailed itineraries and don t miss destination highlights at a glance Illustrated cutaway 3 D drawings of important sights Floor plans and guided visitor information for major museums Guided walking tours local drink and dining specialties to try things to do and places to eat drink and shop by area Area maps marked with sights and restaurants Detailed city maps include street finder index for easy navigation Insights into history and culture to help you understand the stories behind the sights Suggested day trips and itineraries to explore beyond the city With hundreds of full color photographs hand drawn illustrations and custom maps that illuminate every page DK Eyewitness Travel Guide Arizona the Grand Canyon truly shows you this state as no one else can **Arizona State Parks** Roger Naylor,2019-10-15 In this guide we join travel writer Roger Naylor as he takes us through the state parks of this amazing region **Outdoors in Arizona** Bob Hirsch,Marshall Trimble,1989 *The Nonprofit Manager's Resource Directory* Ronald A.
