Around The World Cookbook:

The Around the World Cookbook, 1999 This is an opportunity to sample the world's favorite dishes. There are recipes to prepare from Africa, China, Japan, Indonesia, Thailand, India, Middle East, Morocco, Italy, Spain, France, North America, Cajun, Creole, Caribbean, and Mexico. *The World Cookbook* Jeanne Jacob, Michael Ashkenazi, 2014-01-15 This is the only world cookbook in print that explores the foods of every nation state across the globe providing information on special ingredients, cooking methods, and commonalities that link certain dishes across different geographical areas. Increasing globalization, modern communication, and economic development have impacted every aspect of daily life, including the manner by which food is produced and distributed. While these trends have increased the likelihood and expansion of food influences, variations of the same popular dishes have been found in regions all over the world long before now. This book is an ecological, historical, and cultural examination of why certain foods are eaten and how these foods are prepared by different social groups within the same and different geographical regions. The authors cover more than 200 countries and cultural groups, featuring each nation's food culture and traditions and providing overviews on foodstuffs, typical dishes, and styles of eating. This revised edition features in excess of 400 new recipes, several new countries, and additional sidebars with fun facts explaining unique foods and unfamiliar ingredients. More than 1,600 recipes for popular appetizers, main courses, desserts, snack foods, and celebration dishes are provided, allowing readers to construct full menus from every country of the world. *All Around the World Cookbook* Sheila Lukins, 1994-01-01 Gathers international style recipes for appetizers, soups, vegetables, pasta, meat, poultry, fish, seafood, breads, and desserts. *Sheila Lukins All Around the World Cookbook* Sheila Lukins, 2012-11-01 A culinary genius who helped change the way America eats, Sheila Lukins is the cook behind the phenomenal success of *The Silver Palate Cookbooks* and *The New Basics Cookbook* with over 5 million copies in print. In addition, there are new wines to discover, menus to experiment with, ingredients to learn, spice cabinets to raid, and travelogues to savor. Cuisine is a characteristic style of cooking practices and traditions often associated with a specific culture. Global cuisines may vary based upon food availability and trade, various climates, and ecosystems, cooking traditions, and practices, and cultural differences. Regional food preparation traditions, customs, and ingredients often coalesce to create dishes unique to a particular region, and regional cuisines are often named after the geographic areas or regions they originate from.
