Changing Patterns

Changing Patterns:

Changing Patterns of Social Organization in a Rural Problem Area of Uruguay Charles Harry Proctor, 1956
Changing Patterns in Suicide Behaviour, 1982 **Mark's Gospel: An Actological Reading** Malcolm Torry, 2022-05-19 This might look like an ordinary commentary on Mark's Gospel but it isn't one. It understands reality as Action: actions change diversity, movement and the dynamic rather than as Being: beings, the unchanging, the unitary, rest and the static. It reads Mark's Gospel in the light of that distinctive understanding of reality. It is all about action, change and diversity, and it understands God, Jesus, and ourselves as action, change and diversity. The initial chapter introduces the action-based understanding of reality as action in changing patterns, an actology rather than an ontology. Then follows a section-by-section close study of the Gospel. The result is a unique and somewhat unexpected reading of the text and a distinctive theology to match. *Changing Patterns of Transportation Development in Liberia* William R. Hastings, 1972 **An Actological Metaphysic** Malcolm Torry, 2023-12-27 An actology introduced by the first book in this series, Actology: Action, Change and Diversity in the Western Philosophical Tradition, understands reality as action in changing patterns. Actological Readings in Continental Philosophy reads a number of continental philosophers through this lens, and An Actology of the Given explores the concepts of the gift, givenness, and giving in the light of reality understood as action in changing patterns. Mark's Gospel: An Actological Reading is what it says it is. This fifth book in the series, An Actological Metaphysic, is a more systematic treatment of cosmology and of such concepts as truth, knowledge, causality, time, space, life, and society to see what happens when they are understood actologically, that is, with reality understood as action in changing patterns.
