Animated Films Virgin Film:

Animated Films James Clarke,2004 Following the successful formula of previous books in the Virgin Film series James Clarke looks at the history of animation through close analysis of the genre s key films Films covered include Snow White and the Seven Dwarfs Toy Story Monsters Inc and A Bug s Life

The Films of Tim Burton Alison McMahan,2014-08-21 Most Tim Burton films are huge box office successes and several are already classics The director s mysterious and eccentric public persona attracts a lot of attention while the films themselves have been somewhat overlooked Here Alison McMahan redresses this imbalance through a close analysis of Burton s key films and their industrial context She argues that Burton has been a crucial figure behind many of the transformations taking place in horror fantasy and sci fi films over the last two decades and demonstrates how his own work draws on a huge range of artistic influences the films of George Melies surrealism installation art computer games and many more

The Films of Tim Burton is the most in depth analysis so far of the work of this unusual filmmaker a director who has shown repeatedly that it is possible to reject mainstream Hollywood contentions while maintaining critical popularity and commercial success

The Teachers' Animation Toolkit Britta Pollmüller,Martin Sercombe,2011-09-01 Including animation in your classroom can improve literacy and numeracy develop critical thinking communication and problem solving skills enhance teamwork and negotiation encourage creativity This toolkit together with an extensive companion website will give you the confidence to use animation in your classroom From teaching basic flip book animation right through to producing an animated film there are drawing templates for the less confident artists and tried and tested schemes of work plus advice on how to use animation equipment and what technology and software is available This practical cross curricular resource is particularly suitable for use with students aged 11 16 although many of the activities can be adapted for older or younger students It can be used in Art Media Studies ICT and many other subjects to engage learners of all styles and abilities
