**The Borders Within** Douglas Monroy, 2008-05-15 Throughout its history the nation that is now called the United States has been inextricably entwined with the nation now called Mexico Indeed their indigenous peoples interacted long before borders of any kind were established Today though the border between the two nations is so prominent that it is front page news in both countries Douglas Monroy a noted Mexican American historian has for many years pondered the historical and cultural intertwinings of the two nations Here in beautifully crafted essays he reflects on some of the many ways in which the citizens of the two countries have misunderstood each other Putting himself and his own quest for understanding directly into his work he contemplates the missions of California the differences between liberal and traditional societies the meanings of words like Mexican Chicano and Latino and even the significance of avocados and bathing suits In thought provoking chapters he considers why Native Americans didn't embrace Catholicism why NAFTA isn't working the way it was supposed to and why Mexicans and their neighbors to the north tell themselves different versions of the same historical events In his own thoughtful way Monroy is an explorer Rather than trying to conquer new lands however his goal is to gain new insights He wants to comprehend two cultures that are bound to each other without fully recognizing their bonds Along with Monroy readers will discover that borders when we stop and really think about it are drawn more deeply in our minds than on any maps

*Reading with a Passion* Jeffrey Staley, 2002-06-01 In this strikingly personal account of recent literary approaches to the Bible Jeffrey Staley shows how people's life experiences relate to what they read in the Scriptures He illustrates his argument from theories of autobiography where recent literary and feminist critiques provide him with tools for reflecting upon his childhood on a Navajo reservation and his family's five generations of contact with the Navajo people in northern Arizona and New Mexico Using Tony Hillerman's popular detective novels as a lens to refract his own childhood memories Staley investigates how his cross cultural childhood and family history have contributed to his understanding of the Fourth Gospel By combining such diverse materials as popular fiction medieval passion plays cultural anthropology rhetorical studies and autobiographical reflection Staley takes his readers on a fascinating spiritual and intellectual journey through the Gospel of John

**Indian Country** Martin Padget,2004 Indian Country analyzes the works of Anglo writers and artists who encountered American Indians in the course of their travels in the Southwest during the one hundred year period beginning in 1840 Martin Padget looks first at the accounts produced by government sponsored explorers most notably John Wesley Powell s writings about the Colorado Plateau He goes on to survey the writers who popularized the region in fiction and travelogue including Helen Hunt Jackson

and Charles F Lummis He also introduces us to Eldridge Ayer Burbank an often overlooked artist who between 1897 and 1917 made thousands of paintings and drawings of Indians from over 140 western tribes Padget addresses two topics how the Southwest emerged as a distinctive region in the minds of late nineteenth and early twentieth century Americans and what impact these conceptions and the growing presence of Anglos had on Indians in the region Popular writers like Jackson and Lummis presented the American Indians as a primitive culture waiting to be discovered and experienced firsthand Later as Padget shows Anglo activists for Indian rights such as Mabel Dodge Luhan and Mary Austin worked for the acceptance of other views of Native Americans and their cultures The Western Women's Reader Lillian Schlissel, Catherine Jane Lavender, 2000 This groundbreaking anthology compiles writing and photography from women who have called the American West home for the past three centuries These women helped shaped the nation s history by leading protest movements and making their voices heard *Red Ink* , 1995
