## **Colonized Eye:**

The Colonized Eye Joyce Nelson, 1988 John Grierson was a British documentary pioneer and founder and first director of the National Film Board of Canada Joyce Nelson explores another side of the master his commitment to the expansion of multinationals and his imperialist stance towards Canada's filmmaking possibilities

**Candid Eyes** Jim Leach, Jeannette Sloniowski, 2003-01-01 Documentaries have dominated Canada's film production and have been crucial to the formation of Canada's cinematic identity This volume will be an indispensable companion for anyone seriously interested in Canadian film studies

**Empire and Film** Lee Grieveson, Colin McCabe, 2019-07-25 This important new volume reconstructs the forms of production distribution and exhibition of films made in and about the colonies It then ties them to wider theoretical issues about film and liberalism spectacle and political economy representation and rule The result is one of the first volumes to examine how imperial rule is intimately tied to the emergence of documentary as a form and indeed how the history of cinema is at the same time the history of Empire

**BRIAN LARKIN** Barnard College This superb collection of new scholarship shows how cinema both communicated and aided the imperialist agenda throughout the twentieth century In doing so it shows film can be understood as one of the tools of empire as much as the technology of weaponry or modes of administration a means of education and indoctrination in the colonies and at home

**TOM GUNNING** University of Chicago At its height in 1919 the British Empire claimed 58 countries 400 million subjects and 14 million square miles of ground Empire and Film brings together leading international scholars to examine the integral role cinema played in the control organisation and governance of this diverse geopolitical space The essays reveal the complex interplay between the political and economic control essential to imperialism and the emergence and development of cinema in the late nineteenth and first half of the twentieth century Contributors address how the production distribution and exhibition of film were utilised by state and industrial and philanthropic institutions to shape the subject positions of coloniser and colonised to demarcate between civilised and primitive and codify difference and to foster a political economy of imperialism that was predicated on distinctions between core and periphery The generic forms of colonial cinema were consequently varied travelogues mapped colonial spaces actuality films re presented spectacles of royal authority and imperial conquest and conflict home movies rendered colonial self representation state financed newsreels and documentaries fostered political and economic control and the education of British and colonial subjects philanthropic and industrial organisations sponsored films to expand Western models of capitalism British and American film companies made films of imperial adventure These films circulated widely in Britain and the empire and were sustained through the establishment of imperial networks of distribution and exhibition including in particular innovative mobile exhibition circuits and non theatrical spaces like schools museums and civic centres Empire and Film is a significant revision to the historical and conceptual frameworks of British cinema history and is a major contribution to the history of cinema as a global form that emerged amid and in dialogue with the global flows

of imperialism The book is produced in conjunction with a major website housing freely available digitised archival films and materials relating to British colonial cinema [www.colonialfilm.org.uk](http://www.colonialfilm.org.uk) and a companion volume entitled *Film and the End of Empire*

**Canadian Film and Video** Loren R. Lerner, 1997-01-01 This extensive bibliography and reference guide is an invaluable resource for researchers practitioners students and anyone with an interest in Canadian film and video With over 24 500 entries of which 10 500 are annotated it opens up the literature devoted to Canadian film and video at last making it readily accessible to scholars and researchers Drawing on both English and French sources it identifies books catalogues government reports theses and periodical and newspaper articles from Canadian and non Canadian publications from the first decade of the twentieth century to 1989 The work is bilingual descriptive annotations are presented in the language s of the original publication *Canadian Film and Video Film et vid o canadiens* provides an in depth guide to the work of over 4000 individuals working in film and video and 5000 films and videos The entries in Volume I cover topics such as film types the role of government laws and legislation censorship festivals and awards production and distribution companies education cinema buildings women and film and video art A major section covers filmmakers video artists cinematographers actors producers and various other film people Volume II presents an author index a film and video title index and a name and subject index In the tradition of the highly acclaimed publication *Art and Architecture in Canada* these volumes fill a long standing need for a comprehensive reference tool for Canadian film and video This bibliography guides and supports the work of film historians and practitioners media librarians and visual curators students and researchers and members of the general public with an interest in film and video

**Canadian Communication Thought** Robert E. Babe, 2000-01-01 Babe examines the writings of ten major thinkers in the context of their physical and cultural environments and finds that there is indeed a mode of theorizing that is quintessentially Canadian

**Staphylococci in Human Disease** Kent B. Crossley, Kimberly K. Jefferson, Gordon L. Archer, Vance G. Fowler, 2009-10-13 Staphylococci remain the most important cause of hospital acquired infections in the U S and MRSA has become the most common cause of skin and soft tissue infection in many parts of the world There is now a much greater understanding of the physiology and evolution of the staphylococci and this new edition reflects the rapid advancements in knowledge about this pathogen and provides a comprehensive review from both clinical and basic science perspectives The first section addresses the basic biology of the staphylococci their molecular genetics host defenses and host evasion virulence determinants mechanisms of antibiotic resistance and laboratory techniques The second section deals with epidemiology and the third section provides an overview of the varied clinical manifestations of human staphylococcal infections The fourth section covers prevention and treatment of these often life threatening infections Written by experts from around the globe this book is essential reading for all clinicians and basic scientists studying the staphylococci
