Arden and Arcadia. Presence of Pastoral Tradition in Shakespeare's "The

Tempest" Anne Sander,2018-03-20 Seminar paper from the year 2016 in the subject English Language and Literature Studies Literature grade 1-3 University of Frankfurt Main Institute for English and American Studies course Pastoral Conventions language English abstract Shepherds sitting in nature singing and making music together and overall enjoying the Golden Age Those are typical attributes for the pastoral genre When thinking of Shakespeare s The Tempest 1611 a betrayed sorcerer or maybe the enslaved native Caliban comes to mind not relaxed shepherds However it is a pastoral play which this term paper will prove Theocritus and Virgil are considered the founding fathers of this literary genre Therefore it is no surprise that The Tempest shows many similarities to the works of these poets I will compare The Tempest with Theocritus first and seventh Idyll and Virgil s first ninth and fifth Eclogue other pastoral poems of that period will not be discussed This term paper will present those similarities between the poems and the play and show that Shakespeare s The Tempest was strongly influenced by the pastoral Eclogues and Idylls and is itself a pastoral play To achieve this I will closely look at some of the themes of The Tempest and show their relation to the pastoral genre The first time the play was performed was in 1611 Vaughan 1 The date of publications of the Eclogues and the Idylls cannot be determined with

certainty however Virgil lived between 70 BC and 19 BC while Theocritus lived around the 3rd century BC. Therefore the poems must have been written around the respective periods. Since there is a gap of over 1500 years between the first performance of *The Tempest* and the publication of the works of Virgil and Theocritus it is astounding that there still are many connections between these works and that Shakespeare stayed true to the genre of pastoral. Firstly I will closely look at the first and seventh Idyll of Theocritus. There I will discuss the pastoral items in the poems like Daphnis his death and the gifts the shepherds give each other. Second I will do the same with Virgil's Eclogues. Lastly I will focus on the play's themes. *The Tempest* is filled with pastoral themes.

Renegade Edo and Paris Xiaojin Wu,Seattle Art Museum,1981 Both the Edo period 1603-1868 in Japan and the late nineteenth century in France witnessed a multitude of challenges to the status quo from the rising middle class. In Edo present day Tokyo townspeople pursued hedonistic lifestyles as a way of defying the state sanctioned social hierarchy that positioned them at the bottom. Their new pastimes supplied subject matter for ukiyo-e pictures of the floating world. Many such pictures arrived in France in the 1860s a time when French art and society were undergoing substantial changes. Fin de siècle Paris like Edo before it saw the rise of antiestablishment attitudes and a Bohemian subculture. As artists searched for fresh and more expressive forms Henri de Toulouse Lautrec 1864-1901 and his contemporaries were drawn to novel Japanese prints. While ukiyo-e's formal influences on Toulouse Lautrec and his peers have been well studied the shared subversive hedonism that underlies these artworks has been less examined. Through a wide selection of Japanese prints and Toulouse Lautrec works this book offers a critical look at the renegade spirit inhabiting the graphic arts in both Edo and Paris highlighting the social impulses behind a burgeoning art production.
