Created For Love: An Evolution Of Love In The Bible (And What It Means For Us) Lee Ann B. Marino, 2019-05-10 The word love is frequently elusive for most human beings We talk about loving everyone and everything but trip up when it comes to expressing love and truly experiencing love in a way that changes and transforms us In a world that regards love as a fairy tale of perfection how do we come to understand the love of God for us and His call for us to love others In the first installment of the Pocket Full of Faith pocket books series Dr Lee Ann B Marino reveals the way that love and the understanding of love has evolved throughout the Bible spanning through physical attraction to familial love to kindness to friendship and finally to divine love and why each one of these different forms of love are important to our overall well being spiritual experience and human interaction Come along and learn everything the Bible has to say about love for you and most importantly how discovering different aspects of Biblical love can help you connect with God and others in your life

Heaven on Earth Joseph Aurelio Mendoza, 2010-09-16 Heaven On Earth A Guide to the Kingdom is about healing Earth and healing Humanity You will understand and identify the times we are living in It is easy to see the world is in chaos but understanding why the world is in chaos is the source to the solution A Guide to the Kingdom is about knowing yourself and being subject to your divine heritage It is about the lost and forgotten commandment of Christ and it will transcend all the divisions of humanity and bring forth the Rapture Do you love your children then come hear my divine voice **The Existence** Theodore Ihejieta, 2018-12-21 The Existence By Theodore Ihejieta The Existence is a book of love and life that talks about the world as the existence of human beings and tells human beings to understand that the world is the love and the life It is a book of Planet Earth which the Planet Earth gave to the author because the author asked the Planet Earth for the book of the world The author is a human being who lost faith in God and called on Planet Earth to do work and save human beings from evil and death in the world This is a book of a human being who was challenged by evil and death in the world and the human being called on his existence for help and protection The author did not like to die in the world and told his existence that he did not want to die because the author believed that Planet Earth has the power to save human beings in the world The Existence is the faith the hope and the charity that God challenged human beings to find and tell the

mountain of evil and death to move away from human beings **Theological Works: pt. 1] Angelic wisdom concerning the divine love and concerning the divine wisdom** Emanuel Swedenborg, 1906 **Angelic Wisdom Concerning the Divine Love and the Divine Wisdom** Emanuel Swedenborg, 1880 **The Same God Who Works All Things** Adonis Vidu, 2021-03-04 Classical Trinitarianism holds that every action of Trinity in the world is inseparable That is the divine persons are equally active in every operation But then in what way did the Father create the world through Christ How can only the Son be incarnate die and be resurrected Why does Christ have to ascend before the Spirit may come These and many other questions pose serious objections to the doctrine of inseparable operations In the first book length treatment of

this doctrine Adonis Vidu takes up these questions and offers a conceptual and dogmatic analysis of this essential axiom engaging with recent and historical objections Taking aim at a common soft interpretation of the inseparability rule according to which the divine persons merely cooperate and work in concert with one another Vidu argues for the retrieval of hard inseparability which emphasizes the unity of divine action primarily drawing from the patristic and medieval traditions Having probed the biblical foundations of the rule and recounted the story of its emergence in nascent Trinitarianism and its neglect in modern theology Vidu builds a constructive case for its retrieval The rule is then tested precisely on the battlegrounds that were thought to have witnessed its defeat the doctrines of creation incarnation atonement ascension and the indwelling of the Spirit What emerges is a constructive account of theology in which the recovery of this dogmatic rule shines fresh light on ancient doctrines
