The Creative Counselor James A. Nicholson, Gordon Golsan, 1983 *The Creative Therapist* Bradford Keeney, 2010-04-15 In *The Creative Therapist* Bradford Keeney makes the case that creativity is the most essential aspect of vibrant meaningful and successful therapy No matter what therapeutic orientation one practices it must be awakened by creativity in order for the session to come alive This book presents a theoretical framework that provides an understanding of how to go outside habituated ways of therapy in order to bring forth new and innovative possibilities A basic structure for creative therapy based on the outline of a three part theatrical play is also set forth With these frameworks practical guidelines detail how to initiate and implement creative contributions to any therapeutic situation **Creative Counseling Techniques** Edward E. Jacobs, 1992 Counseling does not have to be a slow process Creative techniques can be used to make counseling more active to dramatize points and heighten awareness and to enhance learning because people are visual learners The therapist trainer presents a variety of creative techniques with samples of counselor client dialog Readers also will learn how to use props chairs and movement in working with individuals and groups **Creative Writing for Counselors and Their Clients**

Steve Flick, 2009-08 *Creative Writing for Counselors and their Clients* offers a variety of writing exercises from journaling poetry and songs to help heal wounds enhance memory and restructure negative feelings and attitudes which prevent positive change These exercises have also been tested by author Steve Flick M F A in therapy schools prisons and professional courses and are proven to lower blood pressure reduce doctor s visits and improve relationships **The Creative Arts in Counseling** Samuel T. Gladding, 2016-03-17 This latest edition of *The Creative Arts in Counseling* is a powerful evidence based examination of how creative expression can be used in counseling with clients of various ages and backgrounds It explores the clinical application of all of the major creative arts including music dance movement imagery visual arts writing literature drama play and humor and new to this edition animal assisted therapy therapeutic horticulture and nature wilderness experiences The history rationale and theory behind each art form are discussed in addition to its clinical benefits and uses in counseling settings Each chapter contains a variety of practical exercises that clinicians instructors and students can incorporate immediately into their work as well as creative reflections for personal and

professional self evaluation The final chapter summarizes the 126 exercises that appear throughout the text so that readers can quickly access exercises that meet their needs Requests for digital versions from ACA can be found on www.wiley.com To purchase print copies please visit the ACA website Reproduction requests for material from books published by ACA should be directed to permissions.counseling.org
