**Creative Sources for the Music of Tōru Takemitsu** Noriko Ohtake, 1993 This dissertation comprises a study of the composer Toru Takemitsu vis a vis his creative sources for example those extra musical influences that inspire his compositions The work is organized into the following categories 1 his early years 2 influences from composers 3 nature 4 his theory of dream number and water 5 words and music 6 East and West and 7 relationships with other artists including performers The final chapter is devoted to the piano compositions by Takemitsu including a comparative and idiomatic analysis that incorporates discussion of the specific creative influences on each work Aspects of Takemitsu's individuality and the manifestations of his beliefs both musical and philosophical are discussed to discover his complex aesthetic heritage As his own words reveal When I decided to be a composer I did not even know how to notate on scores In this regard no one has

taught me These can be learned through reading theory books But more importantly things that have established me as a composer are though those theory books do have a little to do with it things like a book I read a friend I got to know or a picture

**Poetics of the Creative Process** Femi Euba,2005 Based on the author s teaching methods and experience the book presents an examination and analysis of the creative process of playwriting through the insight of the very foundations of drama and theatre the ritual process Using the playwright as a ritual quester it attempts to concretize the playwright s creative experience from the gestation of a dramatic idea through the development of that idea to its expression as a scripted and theatrical expression To give the concept a wider scope parallels and or contrasts are often made with similar creative experiences especially performative The first part of the book visually crystallizes the ritual creative concept in the psychical emanations of the questing playwright the second part locates the concept in the dramatic structure a result of the physical engagement struggle and expression of the playwright Various established dramatic works classical and contemporary are used to illustrate this creative concept
