## **Destination Clifford:**

**Destination Clifford** Dan Druen, 2004-03 Destination Clifford A tale of one young man from Virginia Valerius McGrady who served honorably those last days of the Civil War with General Lee He did not shirk his pledged duty The fighting at the battle of Petersburg was intense it was evident the North would be the overall victors But the Confederate s tenacity drove those cold and hunger men of Lee s Army of Northern Virginia to Appomattox Court House and surrender Valerius an eighteen year old sergeant assumed command of his artillery unit after his officers had been killed Through his dedication and determination his unit made those heart rending miles in the face of menacing opposition They were there when the order came to stack guns and fold battle flags Defeat was extremely difficult to accept Paroles were distributed now the only way home was to walk The journey for Valerius was arduous but really the start of a new beginning The risks and gains along the way only deepened his resolve to continue on to Clifford and the girl he had left behind When the trek ends he has made some friends lost some comrades and eliminated an insidious enemy He truly understands what it means to be alive

Aircraft Accident Reports , **Law and Practice of General Average in the United States** William Robertson Coe, 1912 Master Gunslingers Revenge Steven R. Smyrski, 2010-11 Vince Masters was forced to learn the dangers of the Wild West early in life For the past year he learned the dangers facing a green horn while traveling in the unsettled and untamed West His love of the gun and agile ability to use it when necessary kept him alive this past year How long could his ability keep him alive Not able to decide where he would settle down he decided to travel Meeting interesting people in his travels was one thing Vince enjoyed Meeting men who lived by the gun For The wrong reasons was the life Vince could have done without Meeting Dick Roberts who wanted to clean up the West without a badge could prove fatal for Vince but showing his patriotism and loyalty to his new friend was a good decision He decided to back him And The law to become a vigilante of the New West Finding ways to prosecute and exile the villains who wanted to run the West with lawlessness and profit from the weak was high on Vince Masters and his new found friend Dick s agenda Finding a way to do such acts without crossing the fine line of being criminals themselves was another matter Vince was a man who wanted to succeed at these feats anonymously Follow the travels of Vince Masters and Dick Roberts to find out how the Wild West was really won

*The Law of General Average* Richard Lowndes, 1922 *Report on Detroit street railway traffic and proposed subway made to Board of street railway commissioners, city of Detroit* , 1915 **Report on Detroit Street Railway Traffic and Proposed Subway, Made to Board of Street Railway Commissioners, City of Detroit** Parsons, Brinckerhoff, Quade & Douglas, 1915 Going West Matilda Greathouse Alexander, 1881 Philadelphia Philadelphia Chamber of Commerce and Board of Trade, 1920 **Travel and Travail** Patricia Akhimie, Bernadette Andrea, 2019-01-01 Popular English travel guides from the sixteenth and seventeenth centuries asserted that women who wandered too far afield were invariably suspicious dishonest and unchaste As the essays in Travel and Travail reveal however early modern women did travel often quite

extensively with no diminution of their moral fiber Female travelers were also frequently represented on the English stage and in other creative works both as a reproach to the ban on female travel and as a reflection of historical women s travel whether intentional or not Travel and Travail conclusively refutes the notion of female travel in the early modern era as an absent presence The first part of the volume offers analyses of female travelers often recently widowed or accompanied by their husbands the practicalities of female travel and how women were thought to experience foreign places The second part turns to literature including discussions of roving women in Shakespeare Margaret Cavendish and Thomas Heywood Whether historical actors or fictional characters women figured in the wider world of the global Renaissance not simply in the hearth and home

**People and Tourism in Fragile Environments** Martin F. Price,1996 Mountains deserts savannahs and the polar regions are fragile both in their ecologies and the cultures of their inhabitants These fragile environments are characterised by a marked seasonality and many human activities are limited to clearly defined times of the year Environmental impacts arise not only from traditional economic activities but also from tourism which has recently grown rapidly in many of these environments around the world This trend is welcomed by the tourism industry but viewed with apprehension by many organisations concerned with protecting the human and natural systems of fragile environments While tourism can provide new sources of revenue and help stem depopulation it can also destabilise communities making them dependent on external sources of money and endangering long established traditions and ways of life People and Tourism in Fragile Environments discusses many of these delicate interactions by presenting detailed case studies from five continents The contributors write from a wide and well balanced range of perspectives including anthropology geography recreation national park management environmental consulting and the tourism industry The common theme is clear that tourism must always be seen in the long term context of the communities with which it interacts This book is an essential contribution to the literature of tourism and sustainable development and will be widely read by students of tourism travel and tourism professionals and anyone involved in related fields of sustainable development and fragile environments

*Report on Detroit Street Railway Traffic and Proposed Subway* ,1915 Keywords for Travel Writing Studies Charles Forsdick,Zoë Kinsley,Kathryn Walchester,2019-04-22 Keywords for Travel Writing Studies draws on the notion of the keyword as initially elaborated by Raymond Williams in his seminal 1976 text *Keywords A Vocabulary of Culture and Society* to present 100 concepts central to the study of travel writing as a literary form Each entry in the volume is around 1 000 words the style more essayistic than encyclopaedic with contributors reflecting on their chosen keyword from a variety of disciplinary perspectives The emphasis on travelogues and other cultural representations of mobility drawn from a range of national and linguistic traditions ensures that the volume has a comparative dimension the aim is to give an overview of each term in its historical and theoretical complexity providing readers with a clear sense of how the selected words are essential to a critical understanding of travel writing Each entry is complemented by an annotated bibliography of five essential items
