**Detective Stories** Philip Pullman, 2004-06-21 This book features a marvellous collection of murderous greedy and immoral villains brought to book by the greatest fictional detectives who date from the golden age of crime literature as well as the present day Follow in the footsteps of criminal masterminds and marvel at the inspired deductions of Sherlock Holmes Hercule Poirot and the brilliant if timid Mr Budd Nick Hardcastle s line drawings make these riveting stories come alive

The Oxford Book of American Detective Stories Tony Hillerman, Rosemary Herbert, 1996 Edgar Allan Poe s Murders in the Rue Morgue launched the detective story in 1841 The genre began as a highbrow form of entertainment a puzzle to be solved by a rational sifting of clues In Britain the stories became decidedly upper crust the crime often committed in a world of manor homes and formal gardens the blood on the Persian carpet usually blue But from the beginning American writers worked important changes on Poe s basic formula especially in use of language and locale As early as 1917 Susan Glaspell evinced a poignant understanding of motive in a murder in an isolated farmhouse And with World War I the Roaring 20s the rise of organized crime and corrupt police with Prohibition and the Great Depression American detective fiction branched out in all directions led by writers such as Dashiell Hammett and Raymond Chandler who brought crime out of the drawing room and into the mean streets where it actually occurred In The Oxford Book of American Detective Stories Tony Hillerman and Rosemary Herbert bring together thirty three tales that illuminate both the evolution of crime fiction in the United States and America s unique contribution to this highly popular genre Tracing its progress from elegant locked room mysteries to the hard boiled realism of the 30s and 40s to the great range of styles seen today this superb collection includes the finest crime writers including Erle Stanley Gardner Raymond Chandler Ross Macdonald Rex Stout Ellery Queen Ed McBain Sue Grafton and Hillerman himself There are also many delightful surprises Bret Harte for instance offers a Sherlockian pastiche with a hero named Hemlock Jones and William Faulkner blends local color authentic dialogue and dark twisted pride in An Error in Chemistry We meet a wide range of sleuths from armchair detective Nero Wolfe to Richard Sale s journalist Daffy Dill to Robert Leslie Bellem s wise cracking Hollywood detective Dan Turner to Linda Barnes s six foot tall red haired taxi driving female P I Carlotta Carlyle And we sample a wide variety of styles from tales with a strongly regional flavor to hard edged pulp fiction to stories with a feminist perspective Perhaps most important the book offers a brilliant summation of America s signal contribution to crime fiction highlighting the myriad ways in which we have reshaped this genre The editors show how Raymond Chandler used crime not as a puzzle to be solved but as a spotlight with which he could illuminate the human condition how Ed McBain in A Small Homicide reveals a keen knowledge of police work as well as of the human sorrow which so often motivates crime and how Ross Macdonald s Lew Archer solved crime not through blood stains and footprints but through psychological insight into the damaged lives of the victim s family And throughout the editors provide highly knowledgeable introductions to each piece written from the perspective of fellow writers and reflecting a life long interest

not to say love of this quintessentially American genre American crime fiction is as varied and as democratic as America itself Hillerman and Herbert bring us a gold mine of glorious stories that can be read for sheer pleasure but that also illuminate how the crime story evolved from the drawing room to the back alley and how it came to explore every corner of our nation and every facet of our lives

**World's Best Mystery and Detective Stories** Julian Hawthorne, 1907 *Detective Stories* Peter Washington, 2009-10-06 Now in the appealing and collectible Pocket Classics format an anthology of beloved classic detective stories riveting and irresistibly addictive tales of crimes and those who unravel them Beginning with modern masters such as Sara Paretsky Ruth Rendell and Ian Rankin this collection works its way back through the golden age of the 1920s and 30s to the genre's source in Edgar Allan Poe and Arthur Conan Doyle The famous detectives who stalk these pages range from the brilliant and eccentric Conan Doyle's Sherlock Holmes and Poe's C Auguste Dupin to the deceptively unlikely G K Chesterton's humble priest Father Brown and Agatha Christie's tweedy spinster Miss Marple from the tough guy private eyes created by Dashiell Hammett and Raymond Chandler to accidental bystanders such as the perceptive neighbors in Susan Glaspell's haunting *A Jury of Her Peers* From classic whodunits featuring Erle Stanley Gardner's Perry Mason and Georges Simenon's Inspector Maigret to Jorge Luis Borges's postmodern tribute to Poe in *Death and the Compass* the stories in this volume will tantalize perplex and amaze **We Must Have Certainty** J. Kenneth Van Dover, 2005 *We Must Have Certainty* surveys the

development of the genre of the detective story from its origins in the mid nineteenth century to its current profile in the early twenty first century It locates a principal appeal of the genre in the nature of the world that the detective necessarily inhabits a world of more or less realistic violence and excitement and at the same time a world that always in the end makes sense It suggests that there is a significance to a popular narrative formula that requires that an initial world of suspicion and uncertainty be inevitably transformed by the detective into a world of clarity and order Though scholarship in the field is acknowledged the author's citations are most often from detective stories themselves The essays are written in an accessible style those who have read a few novels in the genre as well as those who have read many will find the book stimulating and provocative *Library of the World's Best Mystery and Detective Stories: French-Italian-Spanish-Latin: Maupassant, Mille,*

**Masterpieces of Mystery** Joseph Lewis French, 2015-08-28 The honour of founding the modern detective story belongs to an American writer Such tales as *The Purloined Letter* and *The Murders in the Rue Morgue* still stand unrivalled We in America no more than the world of letters at large did not readily realize what Poe had done when he created Auguste Dupin the prototype of Sherlock Holmes et genus omnes up to the present hour On Poe s work is built the whole school of French detective story writers Conan Doyle derived his inspiration from them in turn and our American writers of today are helped from both French and English sources It is rare enough to find the detective in fiction even today however who is not lacking in one supreme quality scientific imagination Auguste Dupin had it Dickens had he lived a short time longer might have turned his genius in this direction The last thing he wrote was the *Mystery of Edwin Drood* the mystery of which is still unravelled I have heard the opinion expressed by an eminent living writer that had Dickens life been prolonged he would probably have become the greatest master of the detective story except Poe The detective story heretofore has been based upon one of two methods analysis or deduction The former was Poe s to take the typical example the latter is Conan Doyle s Of late the discoveries of science have been brought into play in this field of fiction with notable results The most prominent of such innovators indeed the first one is Arthur Reeve an American writer whose *Black Hand* will be found in this collection which has endeavoured within its limited space to cover the field from the start the detective story wholly the outgrowth of the more highly developed police methods which have sprung into being within little more than half a century being only so
