The current defense team confronted a game changing strategic shock in its first 8 months in office The next team would be well advised to expect the same Defense relevant strategic shocks jolt convention to such an extent that they force sudden unanticipated change in the Department of Defense s DoD perceptions about threat vulnerability and strategic response Their unanticipated onset forces the entire defense enterprise to reorient and restructure institutions employ capabilities in unexpected ways and confront challenges that are fundamentally different than those routinely considered in defense calculations The likeliest and most dangerous future shocks will be unconventional They will not emerge from thunderbolt advances in an opponent s military capabilities Rather they will manifest themselves in ways far outside established defense convention Most will be nonmilitary in origin and character and not by definition defense specific events conducive to the conventional employment of the DoD enterprise They will rise from an analytical no man s land separating well considered stock and trade defense contingencies and pure defense speculation Their origin is most likely to be in irregular catastrophic and hybrid threats of purpose emerging from hostile design or threats of context emerging in the absence of hostile purpose or design Of the two the latter is both the least understood and the most dangerous Thoughtful evaluation of defense relevant strategic shocks and their deliberate integration into DoD strategy and planning is a key check against excessive convention Further it underwrites DoD relevance and resilience Prior anticipation of September 11 2001 9 11 or the Iraq insurgency for example might have limited the scope and impact of the shock In both instances wrenching periods of post event self examination did help solve our current or last problem They may not have been as effective in solving our next one DoD is now doing valuable work on strategic shocks This work must endure and mature through the upcoming political transition The next defense team should scan the myriad waypoints and end points along dangerous trend lines as well as the prospect for sudden discontinuous breaks in trends altogether to identify the next shock or shocks Doing so is a prudent hedge against an uncertain and dangerous future      One Nation Under the Gun Rick Hornung,1991 The subject of a controversial legal dispute and a number one bestseller in Canada One Nation gives a riveting account of deep seated divisions leading to violence among one of the great aboriginal peoples of North America divisions brought about by the introduction of lucrative gambling casinos on their lands      Beyond the Horizon Bill Bishop,2020-05-27 In this Old West tale of deceit revenge and greed full of scoundrels rogues and desperadoes on a lawless frontier John Barton learns what it takes to become a man Chasing his boyhood dream of staking his claim in the Mauvaises Terres the Badlands of the Dakota Territory John Barton

**The Gloves** Michael Silano,2022-10-31 Based on actual events The Gloves starts as a love story between a mother and her four daughters She was the thumb and her girls were the other fingers a hand if you may The year was 1910 when my grandfather immigrated from Italy and joined a Hell s Kitchen mob soon after In 1925 he met an innocent girl from New Jersey who wrongly crossed a legendary block in midtown Manhattan and wound up outside a speakeasy They would marry but the Great Depression Pearl Harbor and the ensuing War would change their lives forever The story of her four daughters growing up in Brooklyn unfolds with equal measures of grace and tragedy as life grants and takes away its greatest gifts over the years The oldest daughter would marry first Her husband would win the Silver Star for bravery during WWII and his brother would come within one boxing match of challenging Joe Louis for the world title The other daughters lives would take different paths All had families of their own as the tides of life ebb and flow In 1990 Hollywood would write about one such incident in an Academy Award winning movie loosely based on fact and fiction Time transcends over five generations as we learn about loyalty and betrayal joy and sadness while struggling through dyslexia and autism Read about all sorts of mayhem and murder Plus alcohol and drugs gambling bookmaking and racketeering The Gloves starts as a tribute to a remarkable and selfless life That life belonged to my mother as she was one of the four daughters It continues however as an autobiography of one not so gifted

*Capone* Laurence Bergreen,2013-05-21 In this brilliant history of Prohibition and its most notorious gangster acclaimed biographer Laurence Bergreen takes us to the gritty streets of Chicago where Al Capone forged his sinister empire Bergreen shows the seedy and glamorous sides of the age the rise of Prohibition the illicit liquor trade the battlefield that was Chicago Delving beyond the Capone mythology Bergreen finds a paradox a coldblooded killer thief pimp and racketeer who was also a devoted son and father a self styled Robin Hood who rose to the top of organized crime Capone is a masterful portrait of an extraordinary time and of the one man who reigned supreme over it all Al Capone
