## **Developing A Biblical World View:**

**Developing a Biblical Worldview** C. Fred Smith, 2015 Developing a Biblical Worldview equips readers to think biblically about the world by helping readers analyze worldviews **An Introduction to Christian Worldview** Tawa J Anderson, W. Michael Clark, David K. Naugle, 2017-10-10 Why do worldviews matter What characterizes a Christian worldview Part of being a thoughtful Christian means being able to understand and express the Christian worldview as well as developing an awareness of the variety of worldviews Well organized clearly written and featuring aids for learning this is the essential text for either the classroom or for self study **Building a Biblical Worldview Verse by Verse** Brannon Howse, 2007 *Christian Contours* Douglas S. Huffman, 2012-01-12 What does it mean to think and live Christianly in a world of competing worldviews *Christian Contours* answers this question by inviting readers to consider the understanding of reality proposed by the Bible Though it is easy to divide life into separate compartments religious and secular theological and practical faith invites us to view all of life in the light of that Biblical understanding Presenting a clear compelling case for unity in essential Christian tenets the authors of *Christian Contours* guide the reader through developing internalizing and articulating a biblical worldview This robust worldview enables the Christian to be a critically thinking participant in culture and to be a faithful disciple of Christ with both heart and mind **Making Sense of Your World** W. Gary Phillips, William E. Brown, John Stonestreet, 2009-01-01 *Making Sense of Your World* offers a basic accessible introduction to biblical worldview that covers all of these aspects of world view thinking Part One compares the basic worldviews Part Two contrasts and seeks to defend the biblical worldview with the others and Part Three constructs a biblical worldview in four key areas This book is an overview the Christian thinker is invited to continue his or her study through the recommended readings at the end of each chapter an ongoing task Paul labels the renewing of our minds Romans 12 2 **Worldview as Worship** Eddie Karl Baumann, 2011-08-01 The goal of many evangelical educators is to facilitate biblical thinking and the worldview transformation of their students Yet aside from upholding a set of moral behaviors or maintaining positions on issues perceived to be Christian the goals and aspirations of most evangelical young people differ little from their unbelieving peers As George Barna has noted We have a generation coming up that isn't looking at Christianity to answer spiritual concerns We either change or we lose them *Worldview as Worship* contends that the approach taken by most evangelical educators to the issue of worldview transformation has neglected to address two fundamental components of worldviews First that our initial worldviews are not philosophical systems but rather faith dispositions and that worldview transformation cannot simply present the biblical worldview as a more rational or logical system but must address issues of the heart as well as the mind Second unlike philosophies that are individual worldviews are communal and are learned and transformed within the context of community practice Appealing to Paul's teaching in Romans 12 1 2 *Worldview as Worship* approaches the renewing of your mind as the result of the believer's presentation of themselves as a holy sacrifice which is your spiritual

service of worship The book advocates an approach to worldview transformation that focuses on believers as apprentices rather than simply as students an approach that holds true to the biblical model of discipleship As a result worldview transformation works best when the application of faith to the issues of learning and life are modeled by the faith community and where students are given the opportunity to put faith into practice

### **Developing a Christian Apologetics**

**Educational Program** Douglas E. Potter,2010-02-18 Many are expressing concern about the future of Christian youth today What can we do to help ensure they will keep their evangelical faith once they graduate from high school Can Christian apologetics provide an educational solution Developing A Christian Apologetics Educational Program explores issues certain to be encountered by secondary school educators who want to teach apologetics as a distinct subject of study either as a part of a Christian institutional or home school curriculum This book helps the apologist and educator blend their skills to soundly integrate the two subjects A solution is sought by providing a background and rationale for implementing an age level appropriate apologetics course at this critical level of Christian education This book is designed as a text to supplement those used in Christian education or applied apologetics courses each chapter successively builds upon the other to help develop an educational philosophy that supports the inclusion of apologetics in the curriculum A model is explained and materials are given to support the development of a curriculum in Christian Apologetics Education at the secondary level Practical ideas are explored and a sample unit of instruction is supplied to help the educator develop an evangelical approach to education that is in the classical apologetic tradition

### **Biblical Shalom for Sustainable Holistic Transformational Development in Nigeria** Stephen Z. Yashim,2020-12-14

How do Christian organizations engaged in development work effectively facilitate the holistic transformation of communities In this important contribution to the field Dr Stephen Yashim reviews the participatory problem solving approaches commonly utilized by Christian relief and development organizations in Nigeria Dr Yashim highlights the failure of current methods to facilitate dialogue between the biblical worldview with its divine transformative potential and the worldview of local rural communities In order for rural communities to progressively experience biblical shalom the total well being of the whole and its members they must be equipped to examine and articulate their own perspective on development while also engaging with biblical perspectives Dr Yashim proposes an alternative approach of participatory appreciative dialogue to be used alongside more traditional methods in pursuit of community transformation This is an excellent resource for anyone engaged in community development and transformation and who longs to experience biblical shalom poured out among individuals and communities

Creating a Christian Worldview Peter Somers Heslam, 1998. Abraham Kuyper 1837-1920 dominated the religious and political life of the Netherlands for nearly half a century, and his ideas continue to inspire an international school of thought. This book by Peter Heslam discusses Kuyper's ideas in their context by providing a historical commentary on the book in which they receive their most significant expression: Lectures on Calvinism, a series of six lectures that Kuyper delivered at Princeton Theological Seminary in 1898. The View from My Front Porch Kay Harms, 2012-07-30. How do you see the world from your vantage point? While few of us have put much thought into how we have developed our worldview, all of us have one. Our worldview encompasses how we see the world and how we react to it. Just as we all see the world a little differently from the vantage point of our front porches, we also view the world through different lenses affected by our past experiences, our current circumstances, the information we've been taught, and the way we wish things to be. But as Christians, we need to intentionally develop a worldview that accurately reflects the character of our God and the truth of His Word. This 4-week Bible study is a distinctly feminine approach to developing a biblical worldview. Author Kay Harms takes you to the ancient words of the Bible to frame a sound biblical view of a modern woman's world. *Christianity and Culture* William Valmyr, 2009. *Christianity Culture: A Christian Perspective on Worldview*. Development is a historical, scriptural, and comprehensive examination of the dynamics in secular and Christian education in light of the current cultural philosophy. With transformative, stimulating, and revolutionary principles, this book challenges Christians to integrate Judeo-Christian values in an atheistic and pluralistic society. If you have been inundated by humanistic, liberal, and secular indoctrination, the redemptive solutions in this book will ensoul the tools necessary to produce a Christian worldview. It will impart a commanding sense of purpose, passion, and appreciation for the teaching profession. *Christianity Culture* will enable you to deepen and broaden your understanding of the core presuppositions of the Christian faith. Effectively face the challenges presented by a hostile world. Take heed to your God-given mandate to influence this world for Christ. Build, stimulate, and develop a biblical and theocentric worldview of education. Assume your responsibility as a steward of the mysteries of God. Discover the dynamics of an education that is Christian. A practical teacher, minister, college professor, author, speaker, counselor, and husband is the president and founder of Higher Call Ministries International, a multi-faceted ministry with its headquarters in Fort Lauderdale, Florida. William Valmyr is a graduate of Nova Southeastern University, B.S.M.S. and Ed.S. Knox Theological Seminary, M.A., and South Florida Theological Seminary, Ph.D., and is a Doctor of Ministry (D.Min.) candidate at Oral Roberts University. He is a member of the Evangelical Training Association and a member of the American

Counseling Association He serves as Professor of Religious Studies at the University of Fort Lauderdale His careful research and study over many years has resulted in this scholarly work on Religious Education Spiritual Formation Christianity and worldviews in higher education

*Prepared to Give an Answer* Timothy V. Sanders, 2014-05-06 Do you feel unprepared to defend your faith Do you feel intimidated when talking with intellectuals who challenge the Bible Are you ever accused of not being open minded of being blindly biased The truth is you are biased So is everyone in the world including the most educated open minded critics Obviously none of us can know everything Yet that doesn't keep us from having opinions about the world we live in Whether we realize it or not we all have a personal bias about the Big Questions of life Where did we come from Why are we here Who's in charge What are the rules The answers to these questions make up a worldview And worldview colors how we view the world and everybody else in it It is what gives us our bias This book provides a concise but sufficient presentation of a biblical worldview that can help a Christian easily compare contrast this view with other worldviews without needing to be an expert in apologetics It is organized systematically with acrostics to make it easy to memorize the outline As Christ's ambassadors we need to know how to answer life's big questions according to His Word Knowing and memorizing our answers prepares us to give humble yet confident responses whenever we're asked about our faith
