## **Development Finance Institutions Measuring Their Subsidy:**

*Development Finance Institutions* Mark Schreiner, Jacob Yaron, 2001-01-01 The purpose of the measurement of the social cost of subsidised development finance institutions DFIs is to see if the social benefit exceeds the social cost In most cases it is so expensive to measure social benefits that a full blown social cost benefit analysis cannot be done The measurement of social costs however is not as expensive and it can inform choices of how to spend public funds This paper presents two measures of social cost The first is the Subsidy Dependence Index SDI that can measure social cost in short time frames The second measure is the net present cost of society NPCS which can measure social cost in any time frame Both the SDI and the NPCS model shift the emphasis from prices paid to opportunity costs *Design, Analysis, and Implementation of Development Projects* Alberto D. Pena, 2016-07-08 The book offers important guidelines in analyzing the technical economic financial administrative and organizational environmental commercial and institutional aspects of development projects It also suggests a format for organizing these aspects into one comprehensive design as it emphasizes the need for analyzing investments in their entirety as opposed to analyzing them in separate segments Managers and technicians from national and local governments business corporations parastatals or public enterprises non governmental organizations development and commercial banks and national and international aid funding institutions who are directly or indirectly involved in planning and implementing development activities will find this book useful Teachers and students in project management finance banking economic analysis and development management will also find valuable learning gains from the book The concepts and procedure in designing and analyzing development projects are illustrated using hypothetical case studies The discussions and illustrations will serve as important guidelines in the implementation of development projects *Replicating Microfinance in the United States* James H. Carr, Zhong Yi Tong, 2002-06-28 Microfinance was pioneered in the developing world as the lending of small amounts of money to entrepreneurs who lacked the kinds of credentials and collateral demanded by banks Similar practices spread from the developing to the developed world reversing the usual direction of innovation and today several hundred microfinance institutions are operating in the United States *Replicating Microfinance in the United States* reviews experiences in both developing and industrialized countries and extends the applications of microlending beyond enterprise to consumer finance housing finance and community development finance concentrating especially on previously underserved households and their communities *The Microfinance Revolution* Marguerite S. Robinson, 2002 Microfinance is the method whereby financial services and credit is made available to the economically active but low income people of developing countries This book focusses on three key aspects of the phenomenon 1 the shift from government and donor subsidized credit delivery systems to self sufficient sustainable microfinance institutions 2 the results on the ground on the way in which microfinance is helps people expand and diversify their enterprises increase their incomes raise their living standards and those of their families and boost their self confidence 3 the theoretical frameworks that had

previously impeded the microfinance revolution with suggestions for their improvement *Inside the World's Development Finance Institutions* William Arthur Delphos,2004 A guide to global regional and national development finance institutions Broken down by scope of activities the text introduces each institution gives a short overview of its programs and provides contact information
