Creation With Flowers:

Creation with Flowers Hōun Ohara,1969 *The Letters* Bediuzzaman Said Nursi,2024-04-10 Thus during that period of oppression when under the name of secularization those in power were seeking the virtual eradication of Isl m and Isl mic culture and their substitution by irreligion and materialist philosophy of Western origin with his unequalled learning extraordinarily clear vision and foresight and his courage and his writings Bad uzzaman became a point of hope and strength for the people Despite the adverse conditions and efforts to isolate him in Barla he began to attract students so called since he described himself as a teacher Drawn by those lights of belief in that dark time they willingly suffered the persecution and assisted him by writing out and spreading the Words The writing and dissemination was another unique feature of the Ris la i N r Bad uzzaman would dictate at speed to his students who acted as scribes He had no books for reference and the writing of religious works was of course forbidden They were all written therefore in the mountains and out in the countryside Handwritten copies of the treatises or the letters were then made of the originals and these were conveyed to the Nur students and secretly copied out in their houses These copies were passed from village to village and then from town to town with more and more copies being made on the way till eventually they spread throughout Turkey Travel was not easy and Bad uzzaman communicated by letter with those of his students who lived in towns and villages other than Barla Largely in reply to their questions the letters offer important guidance on numerous points of belief and Isl m explained in the light of the Ris la i N r and its way and in the face of the misguidance of the times Indeed they form an important source and authority on many subjects for Muslims today Since some of his students had previously been attached to Sufi orders he sometimes explains the way of the Ris la i N r to them through comparisons with the Sufi way The primary aim of the Ris la i N r is the saving and strengthening of belief Employing both the intellect and the heart Bad uzzaman described it as reality aq qah and Shari a rather than ar qah that is Sufism It is the highway of the Qur an which teaches the true affirmation of divine unity true and certain belief attained in a short time through investigation and the exercise of the reason The direct way to reality and knowledge of Allah which is the way of the Companions of Prophet UWBP through the legacy of prophethood Some of the letters offer guidance and encouragement to the students by answering criticisms and misrepresentations put forward by those antithetical to religion concerning both points of Isl m and Bad uzzaman himself Others expose the plans to corrupt Isl m through the introduction of innovations They show how on the one hand Bad uzzaman was absolutely uncompromising in the face of enemies to religion and on the other his complete fairness and moderateness in adjudicating points of conflict and controversy within Isl m All these illustrate his profound knowledge of many subjects as well as the clarity and power of his style which is based on logic **The Words** Bediuzzaman Said Nursi, *The Words* is the first volume of the Risale i Nur and consists of thirty three independent parts or Words which explain and prove aspects of the fundamental matters of belief These consist of such matters as God s existence and unity the

manifestation of the Divine Names and attributes in creation the resurrection of the dead and the hereafter prophethood the miraculousness of the Qur'an the angels the immortality of man's spirit Divine Determining fate or destiny together with such questions as the true nature of man and the universe and man's need to worship God Each subject is explained with comparisons and allegories and demonstrated with reasoned arguments and logical proofs The most profound aspects of the truths of belief which were formerly studied only by advanced scholars are explained in such a way that everyone even those to whom the subject is new may understand without difficulty This work answers brilliantly the attacks made on the Qur'an in the name of science and philosophy and demonstrates the rationality of belief in God and logical absurdity of denial It shows too that man's happiness and salvation both in this world and the next lie only in belief in God and knowledge of God

The Rays Bediuzzaman Said Nursi, In the course of his twenty five years of exile Bad uzzaman suffered three terms of imprisonment together with varying numbers of his students and the treatises he wrote during each of these he later included in the Ris la i N r In The Rays Collection are fruits from all three of his sojourns in the Madrasa i Y sufiya as he called prison recalling the unjust imprisonment of Joseph UWP and that prison is essentially a place of education and training The Second Ray was the final fruit of Eski ehir Prison 1935 36 while The Eleventh Ray has as its name Meyve Risalesi The Fruits of Belief and was written for his fellow prisoners in Denizli Prison 1943 44 It consists of eleven Topics which offer irrefutable proofs of the six main pillars of faith The last two of the Topics however were written in Emirda Bad uzzaman s place of compulsory resi dence after Emirda
