**Thirteen Hands And Other Plays** Carol Shields,Catherine Shields,2002-10-22 With a Foreword by the Author Before becoming a playwright I was a novelist and one who was often impatient with the requisite description of weather or scenery or even with the business of moving people from room to room I was more interested in the sound of people talking to each other reacting to each other or leaving silences for others to fall into Carol Shields From one of Canada s most beloved authors comes a collection of four works written for the stage including her most popular and highly acclaimed play Thirteen Hands The theatrical form allows Carol Shields strength as a master of dialogue to shine at its brightest as she returns to themes she explores in her prose love family friendship and the hidden meanings and larger truths found beneath the surface of the minutiae of daily life Thirteen Hands and Other Plays is an exhilarating introduction to Shields considerable achievements as a playwright Departures and Arrivals 1990 dramatizes how lives are heightened and enlarged when taken within the frame of public spaces airports train stations public streets so that we all become in a sense actors Thirteen Hands 1993 a musical valorizes a consistently overlooked group in our society the blue rinse set also known as the white glove brigade or the bridge club biddies and has had the strongest professional run of all Shields plays Fashion Power Guilt and the Charity of Families 1995 written with her daughter Catherine Shields interrogates the ambivalence felt towards families the drive we all share to find or create some kind of family and the equally strong desire to escape the family s fury Anniversary 1998 written with Dave Williamson is a domestic drama of discontented middle class suburbanites One couple in the play are married and pretending to be close to separation Another couple who are separated are pretending to be married The additional irony is that the separated couple are still emotionally together while the married couple have already emotionally separated *Creative Engineering Seminar, 1959* Stanford University,1959 **Surviving Together** ,1989 **An Approach to Creative Design** Helen Wann Annen,1930
