

# How to Develop Your Psychic Abilities

Psychic abilities are innate in all people, but only some are able to tap into or hone these skills through practices that feed the intuition. Like the five senses that create one's perception of the world, there are various classifications of psychic abilities. Here are some common ones:

## *Aura reading*

is the perception of energy fields surrounding people, places, and objects.

## *Astral projection*

is the ability to detach the astral body from the physical body.

## *Channeling*

is the ability to communicate with higher beings like angels, guides, and spirits.

## *Clairvoyance*

is the ability to see beyond the physical sight, such as telepathy, precognition, and retrocognition.

## *Divination*

is the ability to gain information through a ritual.

## *Empath*

is the ability to feel others' emotions.

## *Psychometry*

is the ability to obtain information by touching an object.

## *Psychokinesis (telekinesis)*

is the ability to manipulate objects or matter using thoughts.

## *Scrying (remote viewing)*

is the ability to gather information from a distant place or time.

## *Telepathy*

is the ability to hear others' thoughts as well as transfer and receive thoughts.
