## **Developing Creativity:**

Developing Creativity in Higher Education Norman Jackson, Martin Oliver, Malcolm Shaw, James Wisdom, 2006-11-22  
Graduates face a world of complexity which demands flexibility adaptability self reliance and innovation but while the development of creativity is embedded in the English National Curriculum and in workplace training the higher education sector has yet to fully recognise its importance This book highlights how pressures such as quality assurance peer review systems demands for greater efficiency and increased research output are effectively discouraging innovation and creativity in higher education It makes a bold case for the integration of creativity in higher education drawing together contributors and research from around the world and explores valuable lessons learnt from those working in schools and professional organisations Offering a wealth of advice on how to foster creativity on an individual and an institutional level this book encourages lecturers to engage with the ideas and practice involved in helping students to be creative in all areas of their study

**Developing Creativity in the Primary School** Jill Jesson, 2012-09-16 This informative book brings together theory research and practice examples of creativity in primary schools providing a scholarly yet accessible introduction The book offers an overview for teachers looking for a concise guide to current thinking about creativity particularly if your school is thinking of introducing or extending its practice The book considers recent developments in the creative curriculum and techniques embedded in approaches such as Philosophy for Children Mantle of the Expert and Enterprise Education Ideas for personalising teaching and creating independent and motivated learners are incorporated Other key features of the book include Examination of the major theories of creativity How to develop your own creativity as a teacher Focus on the difference between developing group and individual creativity Innovative ideas for creativity in subject teaching Practical examples and Creative Challenges throughout The book draws on the author s many years of experience of working with children in schools working on Creative Partnerships and Higher Education in the Arts HEARTS projects and ideas developed through working in initial teacher training This book is essential reading for students in the early stages of their teacher training course as well as for practising teachers looking for innovative ideas and guidance on developing creativity in themselves and their classrooms This is an interesting book which explores theory practice and policy of creativity in the primary classroom Jill Jesson links five key creative behaviours drawn together initially by then policymakers QCA with what she identifies as six areas of creative endeavour Primary teachers committed to developing a creative curriculum will find much material in this lively book that supports their personal and professional creativity as well as suggestions for classroom practice in developing individual and group work Professor Anna Craft University of Exeter and The Open University UK This is a compulsory read for all those interested in developing the creative potential of young people in primary schools It includes a useful overview of previous thinking on creativity and makes a convincing case for its importance across the curriculum Above all this book is jam packed with practical ideas Whether you are interested in creative approaches to maths

or modern languages developing group or personal creativity or the challenges of assessing creative endeavour you will find a host of strategies that have been tried and tested in the classroom Hilary Hodgson Director Ormiston Trust

**Developing Creative Thinking Skills** Brad Hokanson,2017-08-09 Based on over fifteen years of groundbreaking research *Developing Creative Thinking Skills* helps learners demonstrably increase their own creative thinking skills Focusing on divergent thinking twelve inventive chapters build one's capacity to generate a wide range of ideas both as an individual and as a collaborator This innovative textbook outlines a semester long structure for the development of creative thinking skills and can easily be utilized as a self directed format for those learning outside of a classroom Readers are stimulated to maximize their own creativity through active exercises challenges to personal limits and assumptions and ideas that can help create powerful habits of variance

**Developing the Prosocial Entrepreneur** Maureen O'Callaghan,Michelle Robinson,2025-02-14 The research underpinning this book shows that business owners want to know how they can use their entrepreneurial skills to ensure progress for themselves the business and society at a meaningful level

*The Routledge International Handbook of Creative Learning* Julian Sefton-Green,Pat Thomson,Ken Jones,Liora Bresler,2011-07-15 The concept of creative learning extends far beyond Arts based learning or the development of individual creativity It covers a range of processes and initiatives throughout the world that share common values systems and practices aimed at making learning more creative This applies at individual classroom or whole school level always with the aim of fully realising young people's potential Until now there has been no single text bringing together the significant literature that explores the dimensions of creative learning despite the work of artists in schools and the development of a cadre of creative teaching and learning specialists Containing a mixture of newly commissioned chapters reprints and updated versions of previous publications this book brings together major theorists and current research Comprising of key readings in creative education it will stand as a uniquely authoritative text that will appeal to those involved in initial and continuing teacher education as well as research academics and policy specialists Sections include a general introduction to the field of creative learning arts learning traditions with sub sections on discrete art forms such as drama and visual art accounts of practice from artist teacher partnerships whole school change and reforms curriculum change assessment evaluative case studies of impact and effect global studies of policy change around creative learning
