*The Soul of a Doctor* Susan Pories, Sachin H. Jain, Gordon Harper, 2012-10-11 By the time most of us meet our doctors they've been in practice for a number of years Often they seem aloof uncaring and hurried Of course they're not all like that and most didn't start out that way Here are voices of third year students just as they begin to take on clinical responsibilities Their words focus on the odd transition students face when they must deal with real people in real time and in real crises and when they must learn to put aside their emotions to make quick accurate and sensitive decisions Their decisions aren't always right and the consequences can be life altering for all involved Moving disturbing and candid their true stories show us a side of the profession that few ever see or could even imagine They show often painfully how medical students grow up right at the bedside *Index of NLM Serial Titles* National Library of Medicine (U.S.), 1981 A keyword listing of serial titles currently received by the National Library of Medicine *The American Journal of Surgery*, 1930 Includes the papers and or proceedings of various surgical associations **International Journal of Medicine and Surgery and Surgical Journal**, 1930 Current Surgical Diagnosis & Treatment Lawrence W.
