

# Brain-Based Learning

When an educator understands how the brain works, they're better equipped to assist students. Teachers can help students focus their attention and increase their retention.

When teachers understand this concept, it helps them to:

- Keep diverse learners engaged.
- Create a richer learning environment.
- Offer valuable feedback that can lead to a deeper understanding.

By creating a rich learning environment, teachers have the ability to address their students' emotional and social needs, as well as their minds.

## Brain-based principles

- The Brain is social
- All levels of learning involve the body and the mind
- Searching for meaning is inherent
- Emotions are vital to patterning
