Resource Radicals Thea Riofrancos,2020-07-17 In 2007 the left came to power in Ecuador In the years that followed the twenty first century socialist government and a coalition of grassroots activists came to blows over the extraction of natural resources Each side declared the other a perversion of leftism and the principles of socioeconomic equality popular empowerment and anti imperialism In *Resource Radicals* Thea Riofrancos unpacks the conflict between these two leftisms on the one hand the administration s resource nationalism and focus on economic development and on the other the anti extractivism of grassroots activists who condemned the government s disregard for nature and indigenous communities In this archival and ethnographic study Riofrancos expands the study of resource politics by decentering state resource policy and locating it in a field of political struggle populated by actors with conflicting visions of resource extraction She demonstrates how Ecuador s commodity dependent economy and history of indigenous uprisings offer a unique opportunity to understand development democracy and the ecological foundations of global capitalism **Oildom** ,1914 [God in the Rainforest](#) Kathryn T.
