If simply by adding beauty they make us feel better. *Crystal Connections* is a detailed, accessible and fully illustrated guide to harnessing the magic of crystals, written by one of the world's leading crystal healers. Crystal Connection Tanya Lloyd Kyi, Evelyn Vingilis, Larissa Vingilis-Jaremko, 2003. The girls of the Science Squad are back and they're in the middle of the biggest mystery yet. When Sue's Aunt Rose invites the three girls to visit her on Vancouver Island for the last week of summer vacation, it seems like the trip will be a nice break. Nicole, Gina and Sue are eager to explore the old growth forests near Tofino, go mountain biking and maybe even try surfing. But Rose has just inherited 50 hectares of forested land from her uncle, a renowned smuggler and notorious practical joker. When Rose's new friend Tyler starts acting suspiciously, the girls begin to think there's more at stake than just an old cabin in the middle of the woods. Using their knowledge of science, the girls reveal a series of clues in the mysterious will. But can they solve the puzzle of the smuggler's secret before it's too late? Tanya Lloyd Kyi and the Canadian Association of Girls in Science (CAGIS) team up to deliver the second book in the Science Squad Adventure series. This mystery contains non-fiction sidebars and experiments that can be done at home with everyday objects on such diverse topics as light refraction and orienteering.
