**Witch Hunt** Kristen J. Sollee, 2023 Travelling through cities and sites across Italy France Germany Ireland the United Kingdom and the United States Kristen J Sollee explores the places and people significant to the early modern legacy of the witch Between the 15th and 17th centuries a confluence of political economic and religious factors ignited a wildfire of witch hysteria in Europe and later in parts of America At the heart of these witch hunts were often dangerous misconceptions about femininity and female sexuality and

women were disproportionately punished as a result Today this lineage of oppression remains a vital reference point in the fight for women s rights and human rights in the Western world and beyond By infusing an adventurous first person narrative with extensive research and moments of imaginative historical fiction Sollee author of *Witches Sluts Feminists* makes an often overlooked period of history come alive Written for armchair travellers and on the ground explorers alike *Witch Hunt* not only uncovers the horrors of history but how the archetype of the witch has been rehabilitated For witches are not just haunting figures of the past the witch is also a liberatory icon and identity of the present Provided by publisher
