Studying his journals and notebooks takes us into his workshop where we can see his entire universe of thought. We can witness the genesis of his published works to be sure, but we can also see whole galaxies of concepts, new insights, and fragments, large and small, of partially or almost entirely completed but unpublished works. Kierkegaard's Journals and Notebooks enables us to see the thinker in dialogue with his times and with himself. Kierkegaard wrote his journals in a two-column format: one for his initial entries and the second for the extensive marginal comments that he added later. This edition of the journals reproduces this format, includes several photographs of original manuscript pages, and contains extensive scholarly commentary on the various entries and on the history of the manuscripts being reproduced. Volume 11 Part 1 and Volume 11 Part 2 present an exciting, enlightening, and enormously varied treasure trove of papers that were found, carefully sorted and stored by Kierkegaard himself in his apartment after his death. These papers, many of which have never before been published in English, provide a window into many different aspects of Kierkegaard's life and creativity. Volume 11 Part 1 includes items from his earliest formative years through his extensive studies at the university and up to the publication of *Either/Or*. These materials include Kierkegaard's studies in biblical exegesis, his reading of theologians such as Schleiermacher and Baader, his concern with aesthetic matters, including a lengthy consideration of the Faust legend, his first trial sermon delivered at the Pastoral Seminary, his views on the burgeoning field of political journalism in the 1830s, and a group of papers he titled *The First Rudiments of Either/Or*. *The Green Book: Some Particulars that were not Used* [The Kaiser Wilhelm Society Under National Socialism](#) Susanne Heim, Carola Sachse, Mark Walker, 2009-04-27. This book examines the Kaiser Wilhelm Institutes under Hitler, illustrating the cooperation between scientists and National Socialists in service of autarky, racial hygiene, war, and genocide.
