

A Parent Guide to the Accelerated Reader Program

What is the Accelerated Reader Program?

Accelerated Reader is a computer program that allows you to help monitor your child's progress in reading books at his or her appropriate reading level.

1. Read the Book

After your child has selected her book, she should read independently at home and do a short quiz or quiz show on the book's content and vocabulary.

2. Track the Progress

The program will track the books that your child reads, along with their quiz scores and test points.

The information is then used by teachers to monitor children's progress and offer additional support if and when needed. The idea of the program is to help children to develop their reading skills at their own pace.

Benefits of the Accelerated Reader Program?

Encourage children to read regularly, making books and reading a fun, enjoyable activity.

Help to read with the program and with individual needs and at appropriate times.

Monitor an individual's progress by helping them build confidence in themselves.

Monitor the progress of the program and points.

How can I help my child at home?

Read at least 20 minutes for reading to help comprehension skills. The more children read, the better they will get at it.

Get all books your child can read. The more the better so that you have books for your child at all stages. You can also communicate with the school.

Read together and let your child explain the book to you. This will help the school understand all children.

Always encourage conversations around the book and questions like "What is your favourite character?" You can also encourage them to write by offering to be their scribe. Ask "What do you think the page says that will be next up to reading?"

Encourage and encourage longer writing.

Encourage your child throughout the year and provide additional support and help if they struggle to help continue their work.

Monitor regularly so that you can understand the progress in school. You should also monitor the reading level and ensure it's up to help support your child.

Concerns and Standings

What should I do if my child asks why books to get more points?

Reading books that are well above their reading ability may seem appealing to your child as they will be able to read the books quickly and earn points.

The more that they read to increase the comprehension questions in the program, however, it is important to your child's reading development to regularly read and discuss their books with reading and comprehension skills.

Why reading is better?

It supports your child's learning and provides them with the skills to reach reading and writing goals.
