American's path to encounters with the Great Mystery that is God's Self The way to the Great Unknown was intricately intertwined with his humanity with all its foibles and with human relationships Therefore this story has to include those relationships revealing ultimately how a one's personal identity and relationships become vehicles for enlightenment This inspiring account of struggle travel to exotic lands suffering and transcendence holds out hope for anyone who has ever felt outcaste broken or unworthy demonstrating for our modern times that enlightenment lies within reach of us all **The Unconverted Self** Jonathan Boyarin, 2009-12-15 Europe's formative encounter with its others is still widely assumed to have come with its discovery of the peoples of the New World But as Jonathan Boyarin argues long before 1492 Christian Europe imagined itself in distinction to the Jewish difference within The presence and image of Jews in Europe afforded the Christian majority a foil against which it could refine and maintain its own identity In fundamental ways this experience along with the ongoing contest between Christianity and Islam shaped the rhetoric attitudes and policies of Christian colonizers in the New World *The Unconverted Self* proposes that questions of difference inside Christian Europe not only are inseparable from the painful legacy of colonialism but also reveal Christian domination to be a fragile construct Boyarin compares the Christian
