chose their particular research specialties these historians write eloquently of family and upbringing teachers and mentors defining events and serendipitous opportunities The struggle for civil rights was the defining experience for several contributors Peter H Wood remembers how black fans of the St Louis Cardinals erupted in applause for the Dodgers Jackie Robinson I realized for the first time writes Wood that there must be something even bigger than hometown loyalties dividing Americans Gender equality is another frequent concern in the essays Anne Firor Scott tells of her advisor s ridicule when childbirth twice delayed Scott s dissertation With great effort I managed to write two chapters but Professor Handlin was moved to inquire whether I planned to have a baby every chapter Yet another prominent theme is the reconciliation of the professional and the personal as when Bill C Malone traces his scholarly interests back to the memories of growing up poor on an East Texas cotton farm and finding escape and diversion in the sounds of hillbilly music Always candid and often witty each essay is a road map through the intellectual terrain of southern history as practiced during the last half of the twentieth century

and Episcopal viewpoints are represented as of course are Baptist Some contributors have stood in the pulpit others at least commenced their higher education with that aim While some contributors were born and reared and now work in the Bible Belt others are outsiders physically philosophically or both Some came from intellectual traditions others were the first in their family to attend college Despite their common interest in its history southern religion is anything but an intellectual abstraction for the contributors to this book It is a potent force and here sixteen men and women offer themselves as proof of its power to shape lives
