

# A Parent Guide to the Accelerated Reader Program

## What is the Accelerated Reader Program?

Accelerated Reader is a computer program that allows you to help monitor your child's progress in reading books at his or her appropriate reading level.

### 1. Read the Book

After your child has selected her book, she should read independently at home and do a short quiz at school. This will help her learn to understand and enjoy the book.

### 2. Track the Progress

The program will track the books that your child reads, along with their quiz scores and test points.

The information is then used by teachers to monitor children's progress and offer additional support if and when needed. The idea of the program is to help children to develop their reading skills at their own pace.

## Benefits of the Accelerated Reader Program?

Encourage children to read regularly, making books and reading fun through their own skills.

Help to read with the parent and with the teacher's records and to encourage a school.

Monitor an individual's progress through helping them build confidence in themselves.

Monitor the progress of the program and points.

## How can I help my child at home?

Read at least 20 minutes for reading to help comprehension skills. The more children read, the better they will get at it.

Get all books your child can read. The more the better so that you have books for your child to read. You can also communicate with the school.

Read together and let your child explain the book to you. This will help the school and the teacher.

Ask your child to explain the book to you. You can also ask questions like "What is your favorite part?" or "What is the main message of the book?" or "What is the main message of the book?" or "What is the main message of the book?"

Encourage your child to read regularly.

Encourage your child to read regularly for at least 20 minutes at home and to explain the book to you.

Monitor the progress of the program and points.

## Concerns and Standings

What should I do if my child asks why books to get more points?

Reading books that are not within the reading level may seem appealing to your child as they will be able to read the books quickly and more easily.

The more that you read to yourself the more you will understand the program. However, it is important to your child's reading that you read to yourself. You can also read to yourself.

Why reading is better?

The program will track the books that your child reads, along with their quiz scores and test points.
