

10 Universal Tips for COLLEGE ESSAY WRITING

The University Network
www.TUN.com

1 WRITE ABOUT YOURSELF

- Admissions departments ask you to write an essay because they want to get a better sense of who you are, not only as a student, but also as a person. They want to know about your passions and interests, the way you think, and how you respond to challenges. These are the things that will hook your readers in.
- Before drafting your essay, self-reflect and consider who you are, what you care about, and what separates you from your peers. Don't tell your entire life story. Instead, focus on one important aspect of your life and explain how it has shaped you into who you are today.
- Try to avoid using any outside quotes unless you are directly asked to. Admissions officers want to read your words, not other people's.

4 START EARLY AND WRITE MULTIPLE DRAFTS

- Typically, you'll be able to read essay prompts months before you have to submit an application. The Common App releases its prompts on August 1 each year. So, you don't have to wait until the last minute.
- Writing a draft or two and waiting a couple of days to proofread can help you put together a compelling essay. With a clear head, you'll be able to pick up on any grammar mistakes and determine whether your essay is ready to submit.
- Starting early also gives you time to have teachers, peers, or family members proofread your essay. They can catch what you missed and tell you whether your essay is truly interesting from the perspective of an outside reader.

7 DON'T FAKE A SOPHISTICATED VOCABULARY

- You want your words to sound organic, like they are coming from you. Even more so than failed humor, a forced vocabulary can kill an application essay. Synonyms aren't interchangeable, so don't simply plug and place from Thesaurus.com. Every word has a distinct nuance to its meaning, and there is a time and place for every word.
- Admissions officers have read enough essays to know when writing is organic and when it isn't. Big words don't impress admissions officers, but deep thoughts do.

8 TRY TO STAND OUT FROM THE CROWD

- While writing your essay, try to be unique, not generic. Many colleges and universities, particularly the competitive ones, have to pick from a pool of a lot of qualified applicants. So, if your essay is generic, there's a good chance you'll be skipped over.
- You don't need to have endured a traumatic or life-altering experience to draft a unique essay. You should consider your application essay as a time to explain what makes you special and worthy of being accepted — something that the numbers in your transcript can't describe.
- Don't draft a meaningless conclusion by simply regurgitating what you already stated. Instead, use the conclusion as an opportunity to round up your thoughts and put a bow on your essay. Elegantly and succinctly remind the admissions officers reading your essay of your thesis statement and leave them with a lasting impression.

2 ANSWER THE QUESTION

- This may seem obvious, but whichever question(s) you answer, you must answer in full. Don't get caught up in the intro or go off on a side-tangent. Make sure you fully understand the question you are asked and continue to check back throughout the writing process to ensure that you're on track.
- Take this Common App question for example: "The lessons we take from obstacles we encounter can be fundamental to later success. Recount a time when you faced a challenge, setback, or failure. How did it affect you, and what did you learn from the experience?"
 - The meat of this question lies in the second half. If you spend the entire time giving background, you may get sidetracked and miss out on explaining what you learned — the most important part of the question.

3 DON'T CATER TO THE ADMISSIONS OFFICER

- Don't make the mistake of writing what you think the admissions officer wants to hear. Write about the things that are important to you. Disingenuous writing is easy for admissions officers to see through. After all, they read thousands of essays.

5 USE YOUR SPACE WISELY

- Essays should be tight and have strong narrative flow. Common App essays are restricted to 650 words, so use your space wisely and avoid redundancy or adding unnecessary information.
- Don't use up too many words in the intro or wait too long to get to the meat of your essay. This can be done by acknowledging your most compelling point during the brainstorming period prior to writing.

6 DON'T USE HUMOR IF YOU AREN'T FUNNY

- This may sound a bit harsh, but just because you heard somewhere that admissions officers like humor in the essays they read doesn't mean you should squeeze an awkward, cringe-worthy joke in your writing. Forced writing is easy to recognize.
- You shouldn't necessarily shy away from humor, but don't overuse it. You never know how admissions officers will perceive a joke. They could perceive it as confusing or even offensive. Don't make someone wince while reviewing your entry.

9 DON'T LET PROOFREADERS CHANGE YOUR MESSAGE

- Proofreaders are great. However, anyone who's proofreading your drafts — peers or teachers — should not alter or suggest any changes other than punctuation and grammar. It's your essay, and you should be the one writing it. Admissions officers want to know about your thoughts and experiences.

10 DON'T WASTE YOUR CONCLUSION

- Don't draft a meaningless conclusion by simply regurgitating what you already stated. Instead, use the conclusion as an opportunity to round up your thoughts and put a bow on your essay. Elegantly and succinctly remind the admissions officers reading your essay of your thesis statement and leave them with a lasting impression.

McWhorter, 2014-12-12 **The Humble Essay** Roy K. Humble, 2023-04-01 The Humble Essay is so much more than a writing textbook. It gives you tools, tips, and tricks that actually explain what a writer does. It doesn't sugarcoat the process or dumb down the very real challenges that entering a college writing space requires. This book is more like a friend. It's the kind of friend that will coach you through a tough time and encourage you, and it will make you laugh while you go through it. It's the kind of friend who holds your hair back when you're sick of writing and gives you the courage to try again. Roy K. Humble is the kind of writing teacher who understands the struggle of learning how to write like a college student and doesn't just tell you what you want to hear. His lessons here are profound but in the sense that they are delivered by someone who wants you to feel included in the conversation about what good college writing should be. He writes to students in language they can understand without becoming English majors and with just enough humor to keep them reading. He writes for faculty, moving step by step through the unadorned guiding principles of effective formal writing so that faculty have a great framework on which to build their classes. Perhaps most importantly, Humble understands that the price of a book matters to students, so his books are affordable. From every perspective, Humble gets it. The Humble Essay has students covered on these important topics: Understanding the college essay as an idea, Grasping the stages of the writing process, Organizing the college essay around cohesive paragraphs, Thinking for yourself as a college student, Gathering and synthesizing sources and information, Guiding readers through a thoughtful college essay. *College Writing* Toby Fulwiler, 1997 The second edition of *College Writing* is based on the premise that writing is a varied and imaginative process, not a rigid adherence to a set of conventions. Like the original text, it continually exhorts students to find and celebrate their own voice. Indeed, it is this affirmation of individual creativity that sets *College Writing* apart from other process-oriented rhetorics. Among the book's new features are an up-to-date electronic reference section, expanded discussions on research writing strategies, new presentations on argumentative and interpretive writing, and a review of creative revision techniques. **A Short Guide to College Writing** Sylvan Barnet, Pat Bellanca, Marcia Stubbs, 2010 One of the high quality, low priced entries in Longman's Penguin Academics Series, *A Short Guide to College Writing* is a clear and authoritative brief rhetoric that emphasizes analysis, argument, and research in academic writing. Engagingly written by a well-known author team, *A Short Guide to College Writing* offers students clear practical guidance. Students can turn to this book for help with everything from choosing a topic, writing an analysis, and documenting sources to constructing a paragraph and punctuating a quotation. Separate chapters provide support for revising a draft, editing a revision, or preparing a final copy. Discussion and examples of description and narration are included, but the emphasis throughout is on the most common college writing assignments: analysis, argument, and research. Students are taught the essential skills for effective college writing skills they will need when writing for a first-year composition.
