Noble, 2024-06-15 This on the spot narrative of the February 1997 loss of three U S Coast Guardsmen from the Quillayute River Station during a maritime rescue is both a commemoration and a report of the failure of the Coast Guard s senior leadership to appreciate and support the work of enlisted men and women at often remote and dangerous small boat stations The first in depth look at a small boat maritime rescue by the U S Coast Guard this book is also the first to describe the role of those at small boat rescue stations and of the policy setters at Coast Guard headquarters in Washington D C Its author was in the right place at the right time on a night when everything went wrong From the first alarm to the dramatic helicopter rescue of the crew of a foundering

sailboat from the onshore rescue of the sole survivor of the first dispatched Coast Guard crew to the tragic losses this man against the sea tale is told largely in the words of the participants and others who were with author Dennis Noble at the station near La Push Washington on the night the tragedy unfolded Noble also provides an analysis of the state of the Coast Guard how its current problems have developed and what effect they have on the service s operations As the story unfolds the views of senior enlisted personnel at the station paint a picture of an overworked small boat rescue force and their feelings toward what they perceive as a distant and in many cases unaware officer corps Noble contrasts these perspectives with those voiced by the investigating commissioned officers and higher ups at Coast Guard headquarters Illustrated with 29 photos and maps Noble s contribution to the annals of maritime history is a riveting account of extraordinary heroism in the face of regrettable human tragedy *Coast Guard* ,2005 **Nickelodeon** ,1918 The Nation ,1917 **Rescues on the High Seas** Mark Chatham,2005-06-01 A wild and stormy ocean is not a friendly place to be but for some this is their place of work In extreme conditions waves larger than houses can rip oil rigs apart and send them to the bottom of the ocean leaving survivors in desperate need The response of search and rescue teams in times of danger is marked by courage and fierce determination And it results in some terrifying stories *Public Health Nurse* ,1925 **The Public Health Nurse** ,1925 **The Sportswoman** Constance M. K. Applebee,1928 **East and West Through Fifteen Centuries** George Frederick Young,1916 *Amazing Rescues ; #3* George Shea,1992 Describes remarkable rescues in such situations as skydiving and a fall down a well **Animals to the Rescue!** Sandra Markle,2022-01-01 Audisee eBooks with Audio combine professional narration and sentence highlighting for an engaging read aloud experience Did you know that rats can be heroes In the southern African nation of Mozambique these amazing rats which are the size of a small house cat have helped clear landmines And that s just one of the incredible stories in this book Award winning author Sandra Markle has collected wonderful true stories about animals that have rescued humans and other animals With fabulous photographs of the featured animals this book is sure to appeal to animal lovers everywhere
