America Afraid:

Fortress America Elaine Tyler May, 2017-12-12 An award winning historian argues that America's obsession with security imperils our democracy in this compelling portrait of cultural anxiety Mary L Dudziak author of *War Time* For the last sixty years fear has seeped into every area of American life Americans own more guns than citizens of any other country sequester themselves in gated communities and retreat from public spaces And yet crime rates have plummeted making life in America safer than ever Why then are Americans so afraid and where does this fear lead to In this remarkable work of social history Elaine Tyler May demonstrates how our obsession with security has made citizens fear each other and distrust the government making America less safe and less democratic *Fortress America* charts the rise of a muscular national culture undercutting the common good Instead of a thriving democracy of engaged citizens we have become a paranoid bunkered militarized and divided vigilante nation [America's Crime Problem](#) United States.
