

R. W. B. Lewis

THE AMERICAN ADAM

Innocence, Tragedy, and Tradition in the Nineteenth Century

"The first really original book

on the classical period in American writing

that has appeared for a long time."

—MALCOLM COWLEY

American Adam

María Eugenia & Díaz

American Adam:

The American Adam R. W. B. Lewis, 1955 The first really original book on the classical period in American writing that has appeared for a long time Critical essays on the myth of the American Adam María Eugenia & Díaz, 2001-01-01 **The American Adam** Richard Warrington Baldwin Lewis, 1966 *Revisions of the American Adam* Jonathan Mitchell, 2011-11-03 The figure of the American Adam is a prevalent myth in US cultural history Defined by R W B Lewis in 1955 as the hero of new adventure an individual standing alone self reliant and self propelling ready to confront whatever awaited him with the aid of his own unique and inherent resources the figure is discernable in the American renaissance writers and in the imagery of the frontiersman cowboy gangster as well as in the heroes of US action movies Focusing on the American Adam as a paradigm of masculine identity formation this monograph examines how this fantasy of an imaginary ideal identity has held an ideological sway over US identity in the main Taking in a range of cultural texts Jonathan Mitchell s study explores the complexities and contradictions of Adam s real condition of existence to show how the paradigm influences both masculinity and subsequently hegemonic US identity as represented throughout twentieth century US culture **Handbook of American Folklore** Richard M. Dorson, 1986-02-22 Includes material on interpretation methods and presentation of research **On and Off the Page** Ari J. Adipurwawidjana, M. B. Hackler, 2009-03-26 This collection of essays comprised of research first presented at the seventh annual Louisiana Conference on Literature Language and Culture explores one of the most pervasive vexing and alluring concepts in the Humanities that of place Including essays which encompass a broad range of research fields and methodologies from Geography to Cybernetics it presents a cross section of approaches aimed revealing the complex cultural machinations behind what once may have seemed a static one dimensional topic Investigations into the function of place as a force in contemporary culture inevitably reveal a long history of the interplay between place and cultural product between context and text Just as traditional cultures mythologize sacred spaces so too has Western culture sanctified its own places through its literature Imagined places such as Faulker s Yoknapatawpha or Joyce s Dublin become the focus of conferences and festivals authors homes birthplaces and gravesites are transformed into sites of pilgrimage locales created for television shows and movies become actual businesses catering to a public for whom the line between fantasy and reality is increasingly blurred and persisting through the great cultural shifts of the past two hundred years is the popular and romantic notion that words performances narratives and even national identities are always in some way an expression of the places in which they are created and set With the idea of place foregrounded in so much contemporary discourse this collection promises to enter into an already lively debate and one which due to its relevance to where we live and how we make sense of our own places within them does not show any signs of flagging Fictions of Home Martin Mühlheim, 2018-04-23 This study aims to counter right wing discourses of belonging It discusses key theoretical concepts for the study of home focusing in particular on Marxist feminist postcolonial and psychoanalytic

contributions The book also maintains that postmodern celebrations of nomadism and exile tend to be incapable of providing an alternative to conservative xenophobic appropriations of home In detailed readings of one film and six novels a view is developed according to which home as a spatio temporal imaginary is rooted in our species being and as such constitutes the inevitable starting point for any progressive politics

The American Adam R. W. B. Lewis,1959

The Columbia Companion to American History on Film Peter C. Rollins,2004-03-24 American history has always been an irresistible source of inspiration for filmmakers and today for good or ill most Americans sense of the past likely comes more from Hollywood than from the works of historians In important films such as *The Birth of a Nation* 1915 *Roots* 1977 *Apocalypse Now* 1979 and *Saving Private Ryan* 1998 how much is entertainment and how much is rooted in historical fact In *The Columbia Companion to American History on Film* more than seventy scholars consider the gap between history and Hollywood They examine how filmmakers have presented and interpreted the most important events topics eras and figures in the American past often comparing the film versions of events with the interpretations of the best historians who have explored the topic Divided into eight broad categories Eras Wars and Other Major Events Notable People Groups Institutions and Movements Places Themes and Topics and Myths and Heroes the volume features extensive cross references a filmography of discussed and relevant films notes and a bibliography of selected historical works on each subject *The Columbia Companion to American History on Film* is also an important resource for teachers with extensive information for research or for course development appropriate for both high school and college students Though each essay reflects the unique body of film and print works covering the subject at hand every essay addresses several fundamental questions What are the key films on this topic What sources did the filmmaker use and how did the film deviate or remain true to its sources How have film interpretations of a particular historical topic changed and what sorts of factors technological social political historiographical have affected their evolution Have filmmakers altered the historical record with a view to enhancing drama or to enhance the truth of their putative message
