Brother Birds:

The Christmas Bird Cynthia Klein, Daniel Majan, 2020-07-19 A plain little brown bird grows up not feeling special He happens to fly into a little mountain church on Christmas Eve By listening to the story of the baby Jesus he learns how special he is He experiences joy and a wonderful change takes place

The Art of the Turkish Tale Barbara K. Walker, 1990 In casting them into English Walker has paid particular attention to capturing the flavor and excitement of the Turkish telling while not infringing on the narrator's right to have the tale recreated as he had told it The Beauty power and appeal of the present volume for the general reading public however depends largely upon Barbara Walker's own consummate skill as a teller and re-teller of tales and her commitment to conveying as much of the Turkish performance context as possible In a gesture which is perhaps symptomatic of the reasons for this volume's success Barbara Walker recognizes in the Acknowledgments section each and every tale teller by name all forty of them ranging in age from nine to ninety and coming from the many different walks of life both urban and rural to be found in twenty out of Turkey's seventy four provinces from Mugla to Kars and from Istanbul to Diyarbakir In presenting the works of all these generous bearers of tradition to an English speaking audience she has achieved her aim of opening a small window on the art of the Turkish tale in a volume which stands as a tribute to the art of book making as well Sarah Moment Atis Chair Middle East Studies Program University of Wisconsin Madison President Turkish Studies Association This will stand as a fine quintessential contribution One hears the whispers of the original voices in these versions all of which are artful recast in colloquial rhythms and couched in a style that conveys the substance the shape the spirit and the sumptuousness or the simplicity of the tale Talat Sait Halman Turkey's former Minister of Culture then Ambassador for Cultural Affairs now Professor of Near Eastern Languages and Literatures New York University

Bird Medicine Evan T. Pritchard, 2013-05-20 Explores the living spiritual tradition surrounding birds in Native American culture Pairs scholarly research with more than 200 firsthand accounts of bird signs from traditional Native Americans and their descendants Examines the legends wisdom and powers of the birds known as the gatekeepers of the four directions Eagle Hawk Crow and Owl Provides many examples of bird sign interpretations and human bird communication that can be applied in your own encounters with birds Birds are our strongest allies in the natural world Revered in Native American spirituality and shamanic traditions around the world birds are known as teachers guardians role models counselors healers clowns peacemakers and meteorologists They carry messages and warnings from loved ones and the spirit world report deaths and injuries and channel divine intelligence to answer our questions Some of their signs are so subtle that one could discount them as subjective but others are dramatic enough to strain even a skeptic's definition of coincidence Pairing scholarly research with more than 200 firsthand accounts of bird encounters from traditional Native Americans and their descendants Evan Pritchard explores the living spiritual tradition surrounding birds in Native American culture He examines in depth the birds known as the gatekeepers of the four directions Eagle in the North Hawk in the East

Crow in the South and Owl in the West including their roles in legends and the use of their feathers in shamanic rituals He reveals how the eagle can be a direct messenger of the Creator why crows gather in Crow Councils and how shamans have the ability to travel inside of birds even after death Expanding his study to the wisdom and gifts of birds beyond the four gatekeepers such as hummingbirds seagulls and the mythical thunderbird he provides numerous examples of everyday bird sign interpretations that can be applied in your own encounters with birds as well as ways we can help protect birds and encourage them to communicate with us
