*Working Dogs* Josh Gregory,2013 Discover how working dogs are bred and trained and how these hardworking canines find happy homes when it comes time to retire Nature s Children series provides young readers Ages 8 10 with fascinating information about the planet s most incredible wildlife species Each title offers a complete picture of the animal from birth to adulthood and describes its place in our world including how humans impact it and its environment Humans and dogs have shared a close relationship for thousands of years Today there are around 600 million domestic dogs living throughout the world Many of them are trained to perform important tasks These working dogs pull sleds assist the disabled protect us from harm and search for lost people They work alongside farmers soldiers and hunters *Child Study* ,1927 Children, Dogs and Education Mary Renck Jalongo,2018-05-08 This book brings together authoritative information about the child dog bond as it is manifested with family dogs visiting therapy dogs and service dogs trained to assist children with disabilities Despite the widely accepted view that participating in a dog s care and interacting with dogs in behaviorally healthy ways is a route to becoming responsible and compassionate research on this complex dynamic is difficult to design time consuming to collect and challenging to analyze This volume synthesizes theory research and practice bringing all to bear upon child dog interactions in homes schools libraries and the community at large Children Dogs and Education serves as a handbook for a diverse group of adults who seek to build positive relationships between children and dogs parents families professional dog trainers teachers librarians mental health professionals health care professionals and university faculty The study of interactions between human and nonhuman animals has captured the imagination of an international community of researchers from many different fields and professions Even though dogs are ubiquitous in the lives of most children studies of children s interactions with dogs in families and communities are lacking Most of the previous research on the human canine bond has focused on adolescents and adults or even when younger children are the focus it has tended to rely on parents to speak for children There are three features of this book that make it unique First it goes beyond exploring the child dog bond to examine additional important issues including children s concepts of responsible care their ability to interpret dogs behavioral cues and their ideas about canine behavioral issues training Second unlike most other work to date it represents children s voices through cases interviews and drawings Finally the contributors to this edited work use their collective wisdom to draw educational implications and suggest direction in preparing the next generation of dog guardians *Nature Magazine* ,1925 An illustrated monthly with popular articles about nature Subject Guide to Children's Books In Print, 1996 R R Bowker Publishing,1996 Children's Books in Print, 2007 ,2006 **Children's Books in Print** R R Bowker Publishing,Bowker,1999-12 **The Bloomsbury Handbook of Religion and Nature** Laura Hobgood,Whitney A. Bauman,2018-05-17 Divided into four parts Earth Air Fire and Water this book takes an elemental approach to the study of religion and ecology It reflects recent theoretical and methodological developments in this field which seek to understand the

ways that ideas and matter minds and bodies exist together within an immanent frame of reference The Bloomsbury Handbook of Religion and Nature focuses on how these matters materialize in the world around us thereby addressing key topics in this area of study The editors provide an extensive introduction to the book as well as useful introductions to each of its parts The volume s international contributors are drawn from the USA South Africa Netherlands Norway Indonesia and South Korea and offer a variety of perspectives voices cultural settings and geographical locales This handbook shows that human concern and engagement with material existence is present in all sectors of the global community regardless of religious tradition It challenges the traditional methodological approach of comparative religion and argues that globalization renders a comparative religious approach to the environment insufficient
