## **Doing Life:**

**Doing Life a Pragmatist Manifesto** Lee Thayer,2012-02-29 This is a book about how and why people do life as they do It is as well a book about how people could or should think about doing life for the benefit of their own well being and that of the people they associate with It is a book about how our feelings and our thinking interfere with how we could be doing the life we dream of It is a book about the mistakes we make in doing life and how we could avoid those mistakes It is a book about what causes us to be the way we are It is a book about why we often cant do life as we wish It is about the personal dragons that stand in our way And it is about how the real world outside of us can frequently frustrate even our best intentions It is about ramping up for doing life and then trying to understand why our lives so often turn out in ways we had neither anticipated nor desired It is about how getting involved with others means our lives are forever altered It is about why that could be a good thing or a bad thing and how to best figure that out in advance It is a book about frustration and regret about pleasure and pain It is about participating in lifes trials and tribulations by choice It is the kind of book you can use to maximize your choices about doing life as you would have it done and about mastering the influences of what happens in the world around you It is about undoing the life you have in order to be able to do life the way it should be done
