TEN GUIDING PRINCIPLES TO
RESTORE AMERICA

JIM WHITE, PHD

Broken America

Jim White

Broken America:

Broken America David Cooper, 2006 *Broken America* is an iconoclastic look at the administration of George W Bush Author David Cooper takes an in depth look at the difference between the Bush administration s rhetoric and what their policies actually are regarding many of the most important issues of the day Using the words of the most powerful people in government themselves Cooper discovers The real reason for the Iraq invasion Whether or not the intelligence was simply faulty Why there is not now and never has been an exit strategy How the Bush administration supports the troops Who s benefiting from the privatization of America Why the administration is desperately attempting to place themselves above the law *Broken America* also examines the importance and the breakdown of the free press and draws some disturbing and controversial comparisons to history *Broken America* is for anyone who wants to cast an informed ballot in 2006

The Broken America Jim White, 2020-09-09 America s Founding Fathers disagreed about many significant things the abolition of slavery banking systems and the limits of government power But no matter whether or not they were Federalists all colonial politicians agreed on one thing a unified free nation not beholden to any foreign power What would our Founding Fathers have thought of our nation s status today in which every issue is divided between party lines basic facts are disputed and winning the next election is more important than what is best for the nation as a whole What would they have thought about foreign meddling in our elections The *Broken America* Ten Guiding Principles to Restore America demands that in order to create a safe and prosperous future for all citizens we must look at ourselves in the mirror and ask ourselves if this is the country our Founding Fathers intended or what we want to pass down to our descendants Author Jim White PhD presents the case that our country is deeply fractured and far off course the world is laughing at dysfunctional and backwards America and has stopped seeing our country as a beacon of Democracy and the land of the free and home of the brave Dr White asserts that what has transpired the past several years in political rhetoric and behavior is not okay and certainly not sustainable the ship needs to be steered in the right direction in order for the country to be able to regain its stature as a true world leader Our politicians must represent all of us in order for the United States of America to once again become united Courage Integrity Tolerance Compromise Vision Respect Truth seeking These are just a few of the vital guiding principles of *The Broken America* a call to action for us to restore our guiding principles to those of what our Founding Fathers envisioned

Broken Under Interrogation Jeffrey M. Hopkins, 2008-07-14 *Broken Under Interrogation* by Jeffrey M Hopkins brings into stark perspective the lasting impact of war s painful legacy a world morally skewed by cruelty and twisted with self interest Through a series of reminiscences scattered throughout a brutal interrogation Hopkins s jolting and austere portrayal of one man s crusade to mete out justice challenges pat notions of right and wrong good and evil and the sanctity of the American Dream Hopkins explores human nature in a context overflowing with moral ambiguity and ethical doubt where the lines between justice and degradation become blurred if not made thoroughly invisible With kick in the

teeth style and a narrative voice that demands attention Broken Under Interrogation imparts a cautionary tale of what might be a story as chilling in its contemporary significance as it is ominous in its vision of the future *Current Opinion* ,1896
