Dogmatically Speaking Lynn Lennon,1983 Experiencing Scripture Victor H. Matthews,2023 To recreate or envision life in biblical times it is essential to acknowledge that humanity in every time and place is constantly immersed in sensation and derives meaning from sensual experience The biblical text not only hints at sensual impressions but also indicates how the senses are valued for interpretation *Christian Dogmatics* Carl E. Braaten,Robert W. Jenson,2011-07 Volume 2 treats atonement the Holy Spirit ecclesiology the sacraments justification by faith and eschatology

Gerhard O. Forde,2023-03-21 On its publication nearly 40 years ago *Christian Dogmatics* a two volume survey of the twelve major loci of Christian doctrine seemed destined to become a classic It rapidly took its place among the top multi volume theologies and became a foundational text for generations of theological and ministerial students Each loci treated from the perspective of the Lutheran tradition and deeply examined in terms of its biblical foundations historical tradition and contemporary significance was written by a scholar wise beyond their years Each of the six authors went on to have influential and esteemed teaching and writing careers Here presented together for the first time are the two loci written by Gerhard Forde for the project *In The Work of Christ* Forde examines what God did in Jesus Christ exploring the dominant doctrines views and motifs that undergird the chief article on which doctrines like the justification rest *In Christian Life* he undertakes justification and sanctification with a special focus on their relevance in contemporary life Helpful for students and scholars alike this convenient assembly of Forde s early work will broaden the impact of his thought for a new generation

Warfield,1891 Includes section *Reviews of recent theological literature* *Theology of the Liturgy* Joseph Ratzinger,2014-05-13 This major volume is a collection of the writings of Joseph Ratzinger Pope Emeritus Benedict XVI on the theology of the Liturgy of the Church a subject of preeminence to him as a theologian professor and spiritual writer It brings together all his writings on the subject short and long giving his views on liturgical matters and questions over many years and from various perspectives He chose to have his writings on the Liturgy for the first volume published of his collected works though listed as vol 11 because as he says in the Introduction The liturgy of the Church has been for me since my childhood the central reality of my life and it became the center of my theological efforts I chose fundamental

theology as my field because I wanted first and foremost to examine thoroughly the question Why do we believe But also included from the beginning in this question was the other question of the right response to God and thus the question of the liturgy By starting with the theme of liturgy in this volume Ratzinger wants to highlight God s primacy the absolute precedence of the theme of God Beginning with a focus on the liturgy he said tells us that God is first He quotes from the Rule of St Benedict Nothing is to be preferred to the liturgy as a way of ordering priorities for the life of the Church and of every individual He says that the fundamental question of the man who begins to understand himself correctly is How must I encounter God Thus learning the right way of worshipping is the gift par excellence that is given to us by the faith The essential purpose of his writings on the liturgy is to place the liturgy in its larger context which he presents in three concentric circles First the intrinsic interrelationship of Old and New Testament without the connection to the Old Testament heritage the Christian liturgy is incomprehensible The second circle is the relationship to the religions of the world The third circle is the cosmic character of the liturgy which is more than the coming together of a circle of people the liturgy is celebrated in the expanse of the cosmos encompassing creation and history at the same time
