Deadly Lie:

The Real Deal Bill Hybels, Kevin & Sherry Harney, 2009-12-15 The path to satisfying relationships is clear And rarely taken We all long for close relationships Bonds so secure that we can be completely honest and vulnerable But often we keep our relationships at a safe and shallow level We avoid the risk of revealing all that s in our hearts God wants us to take that risk His reward for doing so is the satisfaction of true deep community If you re ready to experience that joy The Real Deal will help you move beyond your fears into the realm of knowing others and being known by them Each session will carefully assist you in peeling away the disguises that prevent you from being your truest freest self Get ready for a life changing adventure in developing richer more meaningful relationships with God with others and with yourself Interactions a powerful and challenging tool for building deep relationships between you and your group members and you and God Interactions is far more than another group Bible study It s a cutting edge series designed to help small group participants develop into fully devoted followers of Christ

Lie-Ability Alan Watkins, Simon Jones, 2022-11-30 Business success depends on the ability to build trust Trusted brands succeed and sustain Trusted leaders inspire followers grow companies revenues and futures But sadly deceit has infected business and become widespread Far too many leaders now use their own alternative facts to mislead and misinform their customers colleagues and communities The skilfulness and ease with which some leaders now lie has become a Lie Ability And when customers stop trusting the products services or the stories a leader tells then the business suffers If business leaders don t lead a truth renaissance we are all lost People no longer trust politicians or the media And many of the institutions and professions we used to turn to have also lost trust The only people that can really save us now are business leaders We need to become truth advocates and activists We must re establish a new norm where we tell the truth to ourselves to our employees to our shareholders to our customers and to society at large This book explores the 7 Deadly Lies that business tells itself the 7 Dark Arts of Deception that are still used with monotonous regularity to manipulate the narrative It offers C suite leaders and senior managers a clear path out of deceit It provides a solution to the Lie Ability of some leaders by developing a deeper understanding of truth how to reclaim it and how to build back trust

By the Obedience of One Moreno Dal Bello, 2015-08-10 The vast majority of professing christians are taught that in some way and to some degree what they do or do not do has some bearing on their ultimate and eternal destiny They believe that what they do or abstain from doing is a contributing and determining factor to their attaining or maintaining salvation In other words they believe that their obedience and disobedience plays a major role in whether or not they get saved or stay saved Most who name the name of Christ claim to believe that salvation is all of grace But the reality of the situation is that most of them have no idea what true grace is and no idea of what salvation is and what it entails because they have never been taught the truth
