independently of teacher direction The decoding experiences thus provided increase the children's opportunities to discover  
sound spelling relationships and to develop automatic word recognition The workbooks also can be an aid to vocabulary word  
meaning and concept development as they lead children to associate words with appropriate visual images and challenge  
children to deal with the meanings of words phrases and sentences Finally the workbooks are a useful tool with which to  
evaluate the children's decoding progress The workbook for Level F has four sections of exercises which correspond in their  
sound spelling patterns only to the four sections of the Level F reader The Purple Turtle The exercises are not tied to the  
story content of the reader however Each section is identified by numbered tabs in the margins of its pages Each section  
begins with word charts that present the new words for that section of Level F Each section progresses from simple exercises  
based on single words and phrases to more complex exercises involving sentences and short stories      *Basic Reading,*
