Brief Separations:

Brief Separations Christoph Mathew Heinicke, Ilse J. Westheimer, 1966 [Stress and Coping in Infancy and Childhood](#)
Tiffany M. Field, Philip McCabe, Neil Schneiderman, 2013-02-01 The fourth volume based on the annual University of Miami symposia on stress and coping this new addition to the series is the first to focus on developmental and clinical stressors during infancy and childhood While developmental stressors such as early separation and stranger anxiety novelty stress and fear evoked personal distress arise during normal development clinical stressors result from certain conditions that are relatively common in infancy and early childhood such as premature birth and respiratory disease Various therapies are discussed for example relaxation and massage that can alleviate the stress associated with psychiatric conditions in childhood and adolescence including depression and adjustment disorder The result is an integration of diverse research and theory on the psychophysiological developmental and psychosocial aspects of stress and coping in animals and humans by some of the leading researchers in the field [Taking Space](#) Robert J. Buchicchio, 2006 Helps couples use separation to learn develop and then recommit to their relationship with adjusted expectations perspectives skills and a stronger sense of themselves A step by step process pinpoints 10 essential tasks necessary to maneuver through what is most often a highly stressful experience From amazon com [Rethinking Attachment for Early Childhood Practice](#) Sharne A Rolfe, 2020-08-05 Sharne Rolfe brings an excellent discussion of attachment principles research and applications to an exceedingly important topic the relationships between child care teachers providers and young children It is a important resource for the current and next generation of early childhood professionals and researchers and it will be a key resource for the growing international discussion about child care teacher provider and child relationships Helen H Raikes PhD The Gallup Organization and Society for Research in Child Development Consultant Administration for Children and Families USA a timely synthesis of current knowledge concerning attachment and its implications for contemporary practice highly relevant for use in college and university early childhood programs and a valuable resource for directors and staff in children s services Alan Hayes Professor of Early Childhood Studies Macquarie University particularly valuable in highlighting the crucial importance of taking a relationship based approach when working with young children Pam Linke Manager Centre for Parenting Child and Youth Health South Australia This accessible and lively exploration of the importance of attachment for infants young children and their parents should be essential reading for all professional caregivers and for policy makers concerned with the mental health and well being of our future generation Ruth Schmidt Neven Director Centre for Child and Family Development In heated debates about whether childcare damages young children attachment theory has been seen as anti childcare Rolfe rethinks this perception demonstrating instead that understanding attachment is essential to good childcare practice Rethinking Attachment offers a thorough explanation of attachment theory and explains how security autonomy and resilience in young children can be promoted in childcare settings through a sound understanding of

attachment principles With examples drawn from practice Rolfe examines the relationships between children and their carers between parents and carers and between carers themselves She also shows how secure attachment relationships with parents and carers influence transitions to childcare preschool and school
