Bright Promise Failed Community:

Bright Promise, Failed Community Joseph A. Varacalli,2001-01-01 In Bright Promise Failed Community respected Catholic sociologist Joseph Varacalli describes how and why Catholic America has essentially failed to shape the American Republic in any significant way American society has never experienced a Catholic moment the closest it came was during the immediate post World War II era nor is it now close to approximating one Varacalli identifies as the cause of the current situation the failed community of Catholic America an ineffective and dissent ridden set of organizational arrangements that has not succeeded in adequately communicating the social doctrine of the Church to Catholic Americans or to the key idea generating sectors of American life The bright promise of Catholic America lies in the long and still developing tradition of social Catholicism With a revitalized orthodox sophisticated community to serve as the carrier of Catholic social doctrine Varacalli sees trends of thought that would propose viable alternatives to philosophies and ideologies that currently dominate the American public sphere ones that would thus have a formidable impact on American society Religious Myths and Visions of America Christopher Buck,2009-04-30 At the heart of American studies is the idea of America itself Here Buck looks at the religious significance of America by examining those religions that have attached some kind of spiritual meaning to America The author explores how American Protestantism and nine minority faiths have projected America into the mainstream of world history by defining and by redefining America s world role Surveying the religious myths and visions of America of ten religions Buck shows how minority faiths have redefined America s sense of national purpose This book invites serious reflection on what it means to be an American particularly from a religious perspective Religious myths of America are thought orienting narratives that serve as vehicles of spiritual and social truths about the United States itself Religious visions of America are action oriented agendas that articulate the goals to which America should aspire and the role it should play in the community of nations Buck examines the distinctive perspectives held by ten religious traditions that inform and expand on the notion of America and its place in the world He covers Native American Protestant Catholic Jewish Mormon Christian Identity Black Muslim Islamic Buddhist and Baha i beliefs and invites serious reflection on what it means to be an American particularly from a religious perspective Encyclopedia of Catholic Social Thought, Social Science, and Social Policy Michael L. Coulter,Richard S. Myers,Joseph A. Varacalli,2012-04-05 The two original volumes of the Encyclopedia of Catholic Social Thought Social Science and Social Policy were published in 2007 Those two volumes included 848 entries from nearly 300 contributors and included a wide range of entries in three general categories entries exploring Catholic social thought at a theoretical level entries reflecting the learning of various social science and humanistic disciplines as this learning relates to Catholic social thought and entries examining specific social policy questions This third supplemental volume continues the approach of the original two First the volume includes entries that explore Catholic social thought at its broadest most theoretical level for example an entry on Pope Benedict s important social encyclical Caritas in

Veritate Second the volume includes entries that discuss recent social science research that bears on issues important to Catholic social thought for example an entry on the social costs of pornography draws on recent research on the topic Third the volume includes entries discussing specific issues of social policy that have become increasingly important in recent years for example an entry on embryo adoption and or rescue This third volume contains 202 entirely new entries from over 100 contributors The contributors include distinguished scholars such as Father Robert John Araujo S J Loyola University of Chicago Father Kevin L Flannery S J Gregorian University Robert P George Princeton University William E May John Paul Institute and the Culture of Life Foundation D Q McInerney Our Lady of Guadalupe Seminary and Michael Novak Ave Maria University The work will appeal to anyone who is looking for a clear and accurate introduction to Catholic social thought

Sociology and Catholic Social Teaching Stephen R. Sharkey, 2012-08-31 Sociology and Catholic Social Teaching Contemporary Theory and Research contains essays by key scholars in the territory where Catholic social thought and secular sociology meet and offers a much needed alternative to the relativism and individualism that so often characterize social scientific analysis today Contributors to this volume argue that Catholic social teaching as articulated so powerfully today in recent papal encyclicals and major summations such as the Compendium of the Social Doctrine of the Church offers a powerful moral framework for addressing today's pressing social problems This is especially true since many of its tenets find solid support in social scientific research on the nature of the person and the workings of culture and social institutions Sponsored by the Society of Catholic Social Scientists and including work by sociologists from both the Society and the Pontifical Academy of Social Sciences this volume is offered in the spirit of Pope John Paul II's exhortation to draw from contemporary social science whatever can help the Church better understand contemporary social issues and trends and thus better serve humanity Specific articles address such topics as the Church as a virtual nation in the international arena changing cultural norms regarding deviance the historical and contemporary relationship between Catholicism and mainstream academic sociology empirical support for a natural law perspective on family relations the social psychology of happiness and moral behavior among emerging adults the sociology of knowledge from a distinctively Catholic perspective and how the principles of subsidiarity and solidarity can be used to analyze and evaluate the functioning of institutions like the family education and the state Each author also offers some autobiographical reflections on how they relate sociology and their life of Faith This anthology will interest scholars in both sociology and Catholic social thought as well as advanced undergraduate and graduate students in these areas **The Public Order and the Sacred Order** Stephen M.

Krason, 2009-05-20 The Public Order and the Sacred Order evaluates a range of contemporary social and political questions in light of Catholic social teaching philosophy great political thinkers and America's founding tradition It treats a wide range of topics including economics education free speech abortion church state relations American legal trends international politics Through discussions of these and other issues confronting contemporary American society author Stephen M Krason

offers a scholarly social commentary suggests means for a reconstruction of sound social and political thought and calls for a renewal of American institutions politics and culture The book is structured in three parts Part I sets out foundational principles guided by Catholic social teaching philosophical reasoning Western political thought and the American founding Part II examines and evaluates the numerous issues in light of the principles set out in Part I and Part III provides approaches to the issues both general and specific policy ideas consonant with the foundational principles set out in Part I There is also a volume of important Catholic Church documents Supreme Court cases and excerpts of important writings in the history of Western and American political thought that let the reader examine directly many documents discussed in the text of the book Along with being a strong and focused defense of traditional Catholic approaches to the questions of our time the vast array of material covered makes this book an invaluable reference for anyone interested in contemporary politics

Varacalli,2004 **Crisis** ,2001 A journal of lay Catholic opinion **Christianity and Culture** Martin S. Reed,2002 In over 2 000 years Christianity has made the overwhelming impact on the culture of the Western world in particular But culture has also helped to shape the development and form of Christianity since the interaction of two such powerful phenomena cannot help but change the other This new book brings together over 1200 citations on Christianity and Culture which are indexed by subject title and author for easy access **Voices of the New Springtime** Fellowship of Catholic Scholars. Convention,2004 What is the future of the Catholic Church in America This book provides a very informed answer to this question by collecting the various addresses delivered at the 25th annual convention of the Fellowship of Catholic Scholars on the subject of the new springtime of the Catholic faith so tirelessly preached by Pope John Paul II The conference was keynoted by Avery Cardinal Dulles S J who at this point in his life is surely the dean of contemporary American Catholic theologians His considered view of the Church s future the springtime is ably supplemented by contributions from such veteran scholars as Elizabeth Fox Genovese of Emory University and Robert P George of Princeton writing on the subject of women in the Church and religious liberty respectively Younger figures such as Pia De Solenni of the Family Research Council and National Review s Kathryn Jean Lopez add different perspectives on women again and on how the Church is impacted by the modern media Among other speakers is the president of the Catholic University of

America dealing with Catholic higher education as it is encountered today The book thus features an up to date take on where the Catholic Church is headed today provided by very knowledgeable observers **Fellowship of Catholic Scholars Quarterly** ,2004 **The Missionary Herald of the Baptist Missionary Society** ,1911
